

## POPE LEO STILL CLINGS TO LIFE.

Churchmen are Beginning to Talk About His Successor—Catholic Nations are Interested.

ROME, July 10.—9 P. M.—THE FOLLOWING BULLETIN HAS JUST BEEN ISSUED:

"DURING THE DAY HIS HOLINESS HAD HOURS OF REST, WITHOUT SUFFERING. HIS PULSE MAINTAINS ITS FREQUENCY AND FORCE. THIS MORNING, AFTER THE OPERATION, HIS PULSATION WAS 92, AND HIS RESPIRATION 28. THE KIDNEYS CONTINUE FUNCTIONALLY DEFICIENT, HIS GENERAL STATE IS STATIONARY."  
"SIGNED)  
"LAPPONI,  
"MAZZONI,  
"ROSSINI."

ROME, July 10.—3:45 p. m.—The Pope's marvelous vitality still permits him to maintain his struggle against death, although a portion of the night was passed in sleeplessness. He greeted his doctors this morning with hopeful expressions.

It was decided to perform another operation, which was executed by Dr. Mazzoni, assisted by Dr. Lapponi. The patient was visibly relieved and soon after arose, sat in his arm chair, and read his favorite Latin poet, Horace. The usual light nourishment was taken at noon and the Pope then lay down for a long rest.

At 3:15 p. m. he was still enjoying restful repose and showing no ill effects from the operation. The neighborhood of the Vatican was tranquil. At 4:20 all was still quiet at the Vatican. No change of any sort was reported. Cardinal Rampolla did not venture into the sick chamber but anxiously inquired frequently as to the condition of the patient.

NO MICROBES FOUND.

Dr. Mazzoni had an examination made by a microscopist of the Pope's pleura to ascertain if it contained any specific microbe. Some doubt had arisen as to whether the original attack of pneumonia had been provoked by some specific agency, such as for instance, tuberculosis or cancer. The examination showed no such microbe and the conclusion was inevitable that the pneumonia was due, as originally stated, to a dynamic circulation, proceeding from lack of heart strength.

Although there is intense public anxiety, the neighborhood of the Vatican and St. Peter's is comparatively quiet.

VICAR OF ROME.

The Vicar of Rome has issued a proclamation asking for prayers for the recovery of His Holiness and caused it to be posted on the front of all the churches, which throughout the day have been crowded with praying men and women.

WINDOWS OPENED.

ROME, July 10.—The Pope rose at 6 o'clock this morning. He said he thought the air of his room was somewhat vitiated and wanted it changed. An attendant, Pio Centra, after having been authorized to do so by Dr. Lapponi, opened the windows of the whole apartment, including that of the sick-room. The Pontiff having previously been carefully covered with extra blankets. After remaining open for a short time, the windows were closed with the exception of the window of the sick-room, Dr. Lapponi having de-

## RHEA HANGING POSTPONED AN HOUR.

Action Was Taken Pending Decision of Supreme Court.

His Attorneys Claimed Sentence Was Nullified by "Hard Labor"

LINCOLN, Neb., July 10.—The hanging of William Rhea, which was to have taken place at 12:30 o'clock, was postponed nearly an hour, pending a decision of the Supreme Court on an application for an injunction to prevent the hanging. The action before the court was brought in view of the reprieve granted Rhea by former Governor Savage. The reprieve imposed "hard labor" upon Rhea as punishment. The attorneys for Rhea argued that this imposition nullified the sentence for hanging in that it serves two punishments for the same crime.

The Supreme Court denied the application for an injunction but expressed a willingness to go into consultation regarding the granting of a reprieve by the Governor until a further hearing of the application could be made. Governor Mickey refused to grant a further reprieve and ordered the Sheriff to proceed with the execution.

The attorneys for Rhea in a last effort went before Judge Holmes of the District Court in an endeavor to get the lower court to prepare an injunction stopping the execution. Before the injunction proceedings could be prepared Governor Mickey's order was carried out and Rhea was hanged at 1:21.

The crime of William Rhea was the killing of Herman Zahn, a saloon-keeper, in the village of Snyder, January 4, 1901. With two companions, Rhea had been courting for a number of days. They entered Zahn's saloon, flourishing weapons and demanding that the inmates hold up their hands. Zahn pleaded with the men to leave his place. Rhea thereupon shot him dead. The three men escaped, in which Rhea was slightly wounded. Unusual pressure had been brought on the Governor for a reprieve. The name of Rhea was assumed. His parents live in Indiana and his father sent lawyers from that State to argue with Governor Mickey. Petitions for clemency were also circulated in Lincoln and over the State, and were numerous signed. Rhea was but 18 years old when the crime was committed.

## HOBOKEN PIER IS ON FIRE

THREE BIG EXPLOSIONS PRECEDE THE FIRE—NO LOSS OF LIFE.

NEW YORK, July 10.—The Thingalls Line pier at Hoboken is on fire. There were three explosions and the whole front of the pier, on which a large quantity of merchandise was stored, collapsed and fell into the river. The loss will be heavy. There was no loss of life.

The loss is estimated at \$500,000, \$200,000 on the pier, a like amount on the freight and \$100,000 on baggage. There were 150 men on the pier when the fire broke out and many of them had to jump into the river, their escape landward having been cut off. All were rescued. Several firemen were overcome fighting the flames. A stampede occurred in a bath house adjoining the docks and two children were injured.

## RIGHT OF CATHOLIC POWERS TO VETO ELECTION OF POPE

ROME, July 10 (9:30 a. m.)—Premier Zanardelli had a long conference today with the Minister of Justice, Signor Cocchi-Orti, under whose jurisdiction are all religious affairs in Italy, about the eventual right of veto which the Italian government might exercise at the next conclave.

Three Catholic powers, Spain, France and Austria, enjoy this privilege, termed the "right of exclusion," which entitles them to veto the election of a candidate who is not a person grata to their governments. In such a case a power which may desire to prevent the election of a certain candidate disputes a cardinal of its nationality to announce the objection at the conclave, but the announcement must be made while the scrutiny is going on, before the candidate has received the majority of votes required to elect, otherwise the protest would be invalid.

This right has been regarded as extremely important, especially in the middle ages, when Italy, being the largest field of action for France, Austria and Spain, the choice of a Pontiff was a question of supreme importance, as he played a large part in their disputes.

## FIEND TRIES TO WRECK NORTH SHORE.

Managers Believe That Wrecker is at Work.

Trying to Land Man Who Caused Loss of Life.

SAN FRANCISCO, July 10.—The three mysterious wrecks on the North Shore railroad, with their record of death and suffering, are now believed to have been the work of a cold-blooded train wrecker, who may have accomplices in his terrible work, but whose motives are unknown. It has been learned that within the past few days two unsuccessful attempts have been made to derail trains near where the previous disasters occurred.

Some days ago a freight train running south was brought to a sudden stop on a curve south of Camp Pistole. The train was a heavy one and nearly lifted the engine from the rails. The train was proceeding at the time at about one-fourth its usual speed and to this fact alone is attributed the averting of a serious wreck. Upon examination it was found that a heavy piece of steel rail had been lashed across and to the rails. It was securely fastened in position by heavy wrappings of stout wire. It was jammed under the forward truck of the engine and was with difficulty removed by the frightened trainmen. The piece of rail was taken to the Sausalito offices of the company.

This attempt was followed by another yesterday morning. Had it not been for the fact that a landcar had passed over the track before the passenger trains reached the point where the wreck was planned, there would have been another disaster. The hand car was thrown to the ground and one of the section hands was severely injured.

An investigation disclosed an old drawbar, used for coupling cars, securely tied inside the rail in such a position as to pass unnoticed, save under close inspection. It was old and rusty and had evidently been thrown to the side of the road, where it had lain for many months. Had a train passed over it to destruct on the place of iron would have been twisted and thrown into the debris of the wreck.

General Manager Rank said today: "We are making every effort to find the guilty party or parties and I regret exceedingly that the matter has been made public before any arrest has been made."

## BULLET HOLE IN HIS FOREHEAD.

SAN FRANCISCO, July 10.—Arthur McCartney was found shortly before noon today sitting in the window of a room on Minna street, with a bullet wound in his forehead. His left hand tightly clasped a revolver and his body stiff in death. He had evidently committed suicide, though the cause is unknown. On the body were found about \$25 in cash and bank checks amounting to over \$500 in value.

## ENGLAND STANDS WITH UNCLE SAM.

Naval Officers are Given Banquet at Mansion House.

Good Feeling Now Exists Between the Two Governments.

LONDON, July 10.—The Lord Mayor banqueted the Americans at the Mansion House today.

After the toasts to King Edward and President Roosevelt had been received with enthusiasm, the Lord Mayor proposed the health of Admiral Cotton, his officers and the entire American Navy.

Incidentally, the Lord Mayor made a striking reference to the Kishineff massacre. He said he was thankful that the United States was not bound by diplomatic rules and etiquette, and had not hesitated to raise its voice in protest against the barbarities of the world, wherever they occurred.

Admiral Cotton made a graceful acknowledgment of the kindly welcome that the Americans had received from the British fleet and people, and added:

"The squadron is here by direct order of the President of the United States, and as a messenger of peace and good will. I am sure I speak for the peoples of both countries when I say I hope and I believe that the cross of St. George and the Stars and Stripes will never be waved but in amity and friendship, and for the peace of the world."

Prolonged cheering greeted the Admiral's speech.

In conversation with American officers at the King's dinner at Buckingham Palace yesterday evening, members of the Cabinet expressed a desire for an extension of the Monroe Doctrine.

Recognizing the paramount influence of the United States in the Western Hemisphere, Great Britain, they said, wants Washington to exercise control in some way over the financial obligations of the Central and South American States. Apparently, Great Britain, not desiring a repetition of the Venezuelan affair, favors the adoption of means whereby the smaller republics will be compelled to meet their obligations without pressure from Europe.

## MANY INJURED BUT NO MORE WILL DIE.

MISS MARY WOODS, WHO WAS KILLED.

CLARENCE SYLVESTER.

PINOLE, July 10.—The explosion of yesterday in the California Powder Works which resulted in the death of Mary Woods, the injury of several operatives and the miraculous escape from death or maiming of a number of others, has passed out of the attention of people here, generally speaking, with the exception, of course, of those who were close to the dead or injured by means of ties of kinship or friendship.

The deceased will be buried tomorrow. The injured ones, Clyde Berryman, Joseph DeMellow, Mary Maguire and Leo Kirkcannon, all of whom save the last mentioned, are in Lane Hospital in San Francisco, at this writing are advancing as well as possible under the circumstances toward recovery. The only one about whom doubt of recovery is entertained is Miss Maguire.

MANAGEMENT'S HUMANITY.

The management of the works, which is in the hands of Superintendent John Birmingham Jr., is commended for the manner in which it cared for the injured ones as soon as they could be got into a place where their injuries might receive surgical attention. There is an emergency hospital on the grounds and to this some of the victims were taken while a corps of doctors and employees of the place did all that could be expected under the circumstances to afford relief. Meanwhile provisions were being made to send the injured in a special car to San Francisco. Although all of the unfortunate victims were taken to Lane Hospital, yet, each was given to understand that he or she might select any hospital at will and the expense of the treatment would be defrayed by the company.

VICTIMS AND NARROW ESCAPES.

In the accompanying illustration will be found some of the employees of the company who were in the doomed structure and who had miraculous escapes from injury and death.

# NEWS FROM CITY OF ALAMEDA

## LIBRARY NEARLY READY.

FUMIGATING PLANT TO BE INSTALLED IN THE BASEMENT.

ALAMEDA, July 10.—Librarian Graves advises that the new Free Library is nearly ready for the reopening. Many innovations are to be introduced in the management of the library itself, and all for the greater convenience of patrons. A fumigating plant is to be established in the basement of the building, and it is proposed to thoroughly fumigate all books returned before they are again issued, in order to guard against the possibility of the spread of infectious or contagious diseases. Mrs. Krenth and Mrs. Carrie Pratt, assistant librarians, are expected to return from their vacations shortly. After which time and when the machinery of the institution gets to working smoothly, Mr. Graves will go away to enjoy a needed vacation.

ALAMEDA IS INTERESTED. ALAMEDA, July 10.—Daniel L. Randolph of 1251 St. Charles street is one of the incorporators of a new railroad shortly to be built in Mendocino county from Caspar to Willits. The road will be a steam broad gauge one 35 miles in length, principally in the interest of a lumber company. The capital stock is \$500,000 and \$35,000 has been subscribed.

SPENCER BRUSH OUT AGAIN. ALAMEDA, July 10.—Spencer, the young son of Rev. and Mrs. F. S. Brush, who was so severely burned while prematurely celebrating the arrival of the Fourth, is able to be out again with his eyesight uninjured and his burns doing nicely.

JUDGE TAPPAN LEAVES. ALAMEDA, July 10.—Judge Tappan left town this morning on his camping trip and will be gone a month, spending the time about forty miles above Ukiah, and now Judge Cone is three judges in one.

INCREASE IN IMPROVEMENT. ALAMEDA, July 10.—Alameda is not only attracting as citizens those who desire to purchase their improvements ready made, but the city is being added to constantly by the erection of new buildings, and at the Health Office it is stated that the reports for July for inspection of plumbing and sewerage will exceed those for the corresponding month of last year by about 600 per cent.

FUNERAL OF MRS. MONTELL. ALAMEDA, July 10.—The funeral of Mrs. Grace Gould Montell, wife of George A. Montell, took place at 1 o'clock yesterday afternoon from the residence of deceased's parents, Mr. and Mrs. E. Minor Smith, Buena Vista avenue, near Versailles. Services were conducted by Rev. Dr. Brush of the First Presbyterian Church, of which Mrs. Montell had been a member. The floral tokens of remembrance were numerous and beautiful, and there was a large gathering of friends and neighbors present to pay final tribute of respect to the deceased. The interment was private.

REV. HITCHCOCK HAS RETURNED. ALAMEDA, July 10.—Rev. and Mrs. L. Potter Hitchcock have returned from their summer vacation and he will be seen again in the pulpit of the First Congregational Church Sunday.

LUTHERANS ARE REPRESENTED. ALAMEDA, July 10.—The German Lutherans of this city will be represented by Rev. J. H. Witte and John Hippen at the annual conference of California Lutherans, which will be held at Zion Evangelical Church, Oakland, last evening.

DELICIOUS LANTERN PARTY. ALAMEDA, July 10.—Those present at the lantern party given to Miss Gertrude Morgenstern of 2601 Lincoln avenue in honor of her eighteenth birthday were: Miss Gertrude Morgenstern, Misses Daisy Zimmerman, Miss Lillian Radford, Lee Mitchell, Miss Emily Meyer, Miss Myrtle Brooks, Miss Patricia Smith, Miss F. F. F. Alfred and Arthur Morgenstern, Mr. and Mrs. Bayley, Mr. and Mrs. George Renner, Mrs. Morgenstern and Mrs. Cook of Delawave, Ohio. An elaborate supper was served and for each guest there was a Japanese lantern from a huge parcel over the table, while tiny lanterns were given to each as souvenirs. During the evening dancing was enjoyed and musical numbers and recitations assisted in making the occasion enjoyable.

QUARREL OVER A TRUNK. In a quarrel over a trunk, Schuyler Howe, an expressman, struck Hadji Tahar, who is connected with a hulu hulu show which performed at the recent Street Fair. The trouble occurred at 10th and Broadway last night and Detective Shorey, who was attracted by the crowd, placed the expressman under arrest on a charge of battery. In the Police Court this morning the case was continued until tomorrow to file a complaint.

SLEEPING IN A BOX CAR. Policeman McCloud last night arrested James Berry, George Johnson, P. J. Smith, W. Canby, James Alson and W. Loehard. They were sleeping in a box car at the Sixteenth street depot. In the Police Court this morning each pleaded guilty to violating the sleeping out ordinance and were sentenced to three days in jail.

## REPORTED TO BE DROWNED.

H. G. WRIGHT SAID TO HAVE LOST HIS LIFE AT HEPPNER, OREGON.

ALAMEDA, July 10.—A report has reached this city that H. Grover Wright, who was formerly in business here with F. E. Heath, was one of the number who lost his life in the recent great flood at Heppner, Oregon. It will be remembered that Wright left Alameda suddenly, owing his partner quite a sum of money and that he was traced to Canada, where some \$1200 of the amount was recovered. Since then nothing has been heard of him until receipt of the above advice, which, however, has not been confirmed.

## WAGON COLLIDES WITH BICYCLE.

ALAMEDA, July 10.—At about a quarter past 11 o'clock this morning a driver for Mazini's hardware store ran into a bicycle at the corner of Park street and Central avenue, throwing off the rider, a young lady about 14 years of age and badly damaging the rear wheel of the machine. The rider, who declined to give her name, was not injured. The vehicle that did the damage was turning the corner at a rapid pace, and the driver apparently made no attempt to avoid the approaching wheel. An officer started after him to induce him to explain and settle for the damage.

YOUNG MOTHER DEAD. ALAMEDA, July 10.—Mrs. Anna Marie Sherwood, aged 26 years, who resided at Peace avenue, died this morning of diphtheria, leaving one child. She has lived in California nine years and in Alameda two, having come to the United States from France. The funeral will occur Sunday.

## CHILDREN TO GO TO MOTHER

JORGENSEN MAY REMAIN BUT OFFSPRING MUST GO BACK.

Yesterday, Julius Jorgensen, the absconding bank clerk, was taken before United States Commissioner Hancock in San Francisco in regard to his extradition and was ordered returned to Denmark. This morning he, however, buoyed up with the hope that he will be allowed to remain here. His attorneys have assured him that it will be all right and that the matter can be arranged. His two children, that he also took with him when he left his own, desire to run away with Johanna Moeller, however, will have to go back to their mother in Denmark. This it is understood is one of the conditions upon which the Danish consul insists.

Jorgensen stated this morning that he had received no letter from his home since he left; and that he has no idea what sort of a scandal he created by his elopement. He says that he likes this country and that it is one of great possibilities. He wishes to remain here and says that he has friends who will help him to get work. He is studying the language and in the short time he has been in this country he has got to be able to express himself very well, has little or no accent and will develop into a fluent conversationalist before the year is out. His two children, a boy of 10 and a girl 8 years of age are at present in the care of Mrs. Agnes B. Sheppard, the superintendent of the Christ's Home for the Poor and Needy at 4011 Task street. Jorgensen, the other day gave a Mrs. Hansen an order to Mrs. Sheppard for the children which she refused to recognize and Jorgensen has instructed his attorney to take the necessary action to gain their release in case Mrs. Sheppard continues to hold them. It is expected, however, that when the time comes for their return to Denmark that there will be no difficulty in securing their release.

## FIRE DESTROYS HORSES.

DEFECTIVE ELECTRIC WIRING CAUSED CONFLAGRATION LAST NIGHT.

Defective electric wiring is believed to have been the cause of a fire that shortly after 10 o'clock last night destroyed the large stable of Frank G. Hiloine at Fifty-eighth and Claremont streets and resulted to death six horses which could not be driven from the burning building. Several tons of hay and a quantity of seeds were stored in the stable and through this material the flames spread rapidly. The damage to the building and the loss of the six horses will amount to about \$5,000, with an insurance of \$400. The Fire Department responded promptly to the alarm and by their hard work prevented the flames from spreading to the neighboring buildings.

## RAILWAY QUESTION DISCUSSED.

ATTORNEY SHEA ADDRESSES WEST END RESIDENTS AT WIGWAM.

ALAMEDA, July 10.—There was a largely attended mass meeting down at the West End wigwam last night, where Attorney Frank Shea of the Southern Pacific Company's law department, was billed to tell the people why the company did want fifty year franchises for both its local lines and why it didn't want to remove gates from the trains, and at the same time to ascertain, as nearly as possible, what the real wants of the people were. Shea said, in presenting the case: "The railroad has transportation for sale and offers it to the people of Alameda. Our patrons here wanted better service, and they received it. They wanted gates on the trains and got them, and now the business men are protesting against the gates. The railroad company has been trying for months to find out what the people here want."

He further frankly stated that in asking for the limit, a franchise for fifty years, the company did not expect to get one for so long a term. Ex-Trustee Alexander Mackie asked the attorney what difference it would make to the company whether it had a franchise or not. Replying, Mr. Shea, said: "We want to run the roads according to law and not be sued by some Alameda crank later because we have no franchise." "The West Enders," said G. E. Shreve, "wanted a short term franchise to beat the railroad that had not acted reasonably, nor given sufficient cars or accommodations." Dr. Robinson made complaint similar to that of Mr. Shreve, and asserted that the entrance to the Alameda mole was so narrow that a "person could hardly squeeze through it to present his ticket. He said gates on the trains were a great injury to the town, causing people to add 10 cents to their expenses and go to Oakland or to San Francisco to do their trading instead of doing it here at home—but he did not add, as was suggested by an ex-Jockey note, that those around him, that the would-be purchaser away from home was not compelled to spend that 10 cents unless he wanted to.

H. A. Thompson was of the opinion that the trustees should exact rental for the franchise, and suggested \$2000 per year as about a proper sum to demand. Ex-Senator E. A. Dague vigorously protested, and said in part: "I earnestly protest against granting a franchise to the Southern Pacific Company for fifty years, and it would be unfair to generations yet unborn to shackle them to a railroad through such a grant. The trustees have no moral right to do up to the railroad company for any such period, and their right should be no longer than their term of office—four years. In a few years, we who are here tonight will have passed away and the act of which we would have been guilty would come to be known as the tyranny of the dead. We are now on the eve of a great prosperity, and new issues will come up to fill us with regrets if we act hastily. I object to granting any franchise without requiring reasonable compensation." A. M. Haelet asserted that the gates were really a blessing to the traveling public, because the patrons of the road were protected from dead-head overcrowding and the liability of accidents to children and others was greatly lessened.

Attorney Shea said there was no law compelling the company to carry passengers in the city limits without charge, and explained the interests of the company and of the people were material, and intimated that if the people of the town could get along without the railroad, it could manage to do business without Alameda.

Many others participated in the free-for-all discussion, and it was very plainly evidenced that Alamedans are by no manner of means a unit on either side of this vexed railroad question.

## POLICE CAPTURE THIEF LEAVING HOUSE HE ROBBED.

The police last night captured George T. Ganning as he was coming out of the residence of Mrs. M. G. Crosby, at 817 Union street. He had a mandolin in his hand which the police found had been stolen from Mrs. Crosby's home. Ganning is employed as a driver for the Alameda Eye Works. In March, 1927, he served a term in the County Jail for petty larceny, having been convicted of stealing some lumber from the Humboldt Lumber Company. The Alameda police want him on the charge of stealing musical instruments from a Mrs. Waggoner of Alameda. He is known to the police as "the musical burglar" on account of his preference for musical instruments. As yet no charge has been placed against him.

PACKAGE FOR SHERIFF. KNOXVILLE, Tenn., July 10.—A package arrived here today from Kansas City, Mo., addressed to Sheriff Jim Fox. It contained the saddle and bridle which Harvey Logan carried from the Knox county jail's stable when he escaped on the Sheriff's horse June 27. The horse returned the day following with saddle and bridle missing. This express shipment may indicate that Logan is in the West.

PRESIDENT'S TRIP. OYSTER BAY, L. I., July 10.—President Roosevelt is the guest today of John Burroughs, the poet-naturalist, at West Park. With Mrs. Roosevelt he left Sagamore Hill last night, boarded the naval yacht Sylph and started for West Park. So carefully guarded were the plans for the trip that not even the officers of the Secret Service were informed. None of the officers accompanied the President.

PAYNE TO TAKE A REST. WASHINGTON, July 10.—Postmaster General Payne announced today that he would leave here next Wednesday on a cruise along the coast to Boston. He said he would take advantage of the regular cruise of the revenue cutter Onondaga to go on that vessel and would be away about ten days.

## SHE WILL MARRY A MINISTER.

MISS ADELE WENTWORTH. (Photo by Bushnell.) The engagement of Miss Adele Wentworth of Oakland and Rev. Luther D. Mahone, pastor of the Third-Fourth Street Methodist Episcopal Church, has been announced. The Rev. Mahone was among the Oakland young men, who fought with the famous Rough Riders in the late war. The wedding will take place next month, after which the young couple will spend several months in the East.

## TERRIFIED WIFE AXES AND CLUBS USED. FLEES.

RAN THROUGH STREETS IN SCANT ATTIRE TO ESCAPE HER HUSBAND.

Arrayed only in her nightgown, Mrs. William Jones of 500 Forti-fifth street created quite a scene in her neighborhood last night by running up and down the sidewalk declaring that her husband was about to kill her. She was finally given refuge in the home of Mrs. George Good at 700 Forty-fourth street. Attracted by Mrs. Jones' screams, Policeman George Ely made an investigation and, after questioning Mrs. Jones as she sat shivering in her nightgown on the front porch of the Good residence, he took William Jones into custody on a charge of disturbing the peace.

It seems that after Mrs. Jones had gone to bed, her husband came home and, so it is supposed, under the influence of liquor, and so it is said by Mrs. Jones, made threats against her and declared that she should die. The case was continued in the Police Court this morning until tomorrow to file a complaint.

## FIRE CONFINED TO TOP FLOOR.

SAN DIEGO, July 10.—A fire broke out in the top floor of the five-story Louis block on Fifth street; this forenoon, which presented unusual difficulties to the fire department. It was confined to the top floor, however, and to two tall towers which were destroyed. The building was insured for \$20,000. The damage was about \$5000. The Bank of Commerce presented Chief Carney and the fire department with a check for \$100 as a testimonial to the efficient work done in fighting the flames.

## DEATH OF MRS. ENNIS.

Mrs. Millie Ennis, widow of Fireman Ennis, who died about two years ago while attending a fire in North Oakland, died today after a short illness at her residence, 128 San Pablo avenue. She leaves four daughters. The funeral will be held Sunday at Tay or's Undertaking Parlor.

## W. J. ALLEN FALLS FROM CAR AND IS KILLED.

PROMISING YOUNG REPORTER MEETS WITH A FATAL ACCIDENT.

W. J. Allen, one of the most valued and efficient members of THE TRIBUNE staff, died this morning at the Receiving Hospital from concussion of the brain resulting from a fall from a Telegraph avenue car while on his way home last night.

The accident occurred in front of Idora Park, between 11 and 12 o'clock. It is somewhat inexplicable, because Mr. Allen never indulged in intoxicants of any kind, being a man of irreproachable habits and a studious, retiring disposition. He was remarkably quiet in his manners and one of the most loyal and painstaking of men in the performance of his duties. He never deferred what he had to do or shirked any of his tasks in the smallest particular.

It is with profound regret that THE TRIBUNE chronicles the untimely death of so capable, so upright and so promising a young man as Mr. Allen, one who was worthily ambitious and one so modestly faithful to his obligations. As the Berkeley correspondent of this paper he exhibited marked capacity as a journalist. He covered his field with unremitting fidelity and prepared his matter carefully and conscientiously. He wrote clear, strong English and always made sure of his facts. His news of the University was particularly full and reliable, for he knew the institution like a book and loved it as an ardent student always does his alma mater.

Mr. Allen's home was in Palo Alto, but he studied at Berkeley and took high rank in his class. He did not graduate because it became necessary for him to drop classwork to become an earner. In this he showed his fine sense of duty to his family, although it gave him many a pang that he was compelled to relinquish his studies at a time when he was sure of graduating with high honors.

Mr. Allen was about 25 years of age and was unmarried. His parents reside at Palo Alto. A sister lives in Berkeley. The funeral will be held from his home. Shortly after 11 o'clock last night he parted from some friends in Oakland and boarded a Telegraph avenue car to Berkeley. Opposite Idora Park he made a misstep in the dark in some unaccountable way and was hurled with great violence into the roadway. As the car was running at a high rate of speed he struck the pavement with terrific force. When taken up he was unconscious and remained in a comatose state till death ensued at 5:05 this morning. At the Receiving Hospital he was found to be suffering from concussion of the brain, and the physicians saw from the first that there was little or no hope of recovery. Mr. Allen was a member of the Oakland Press Club.

## BUCKMANS HAVE SEPARATED.

SACRAMENTO IS LIKELY TO HAVE A SENSATIONAL DIVORCE CASE.

SACRAMENTO, July 10.—With a definite and actual separation agreed upon, Homer Buckman is living apart from his wife and is getting ready to begin suit for divorce that will make the separation complete. Buckman is in ill health and is spending his time at a resort along the Riverside road; his wife is in San Francisco consulting the attorneys who are to represent her in the proceedings which it is admitted will begin soon.

Because of the prominence of the parties and because of the romance which marked the union of the couple, people here are taking a keen interest in the matter and are talking. Not in many years has there been such food for gossip as when it became rumored about that the woman who is known as one of the most attractive and best dressed in Capitol society had gone away to the metropolis, leaving her husband to talk of, threaten and prepare for divorce. It is the sensation of the year, and much is made of it.

Just when the actual breach between the couple occurred nobody seems to know, although it is known that for some time they have not been happy in each other's company. But now they are apart for good and all, and it will be only the filing of the papers to bring to an ending the romance that began years ago when Buckman was married to Ora Ruyven, daughter of old Sol Ruyven, one of the richest and most noted horticulturists in the State. She is reputed to be worth about \$250,000 in her own right and in addition to this qualification has beauty and culture, that won for her a distinguished place in Sacramento society.

Coupled with the stories of divorce, the name of Mayor Clark has been strangely drawn into the affair by reason of the circulation of the rumor that Buckman had met him and had fired a shot at him. This proves to have been untrue, as Clark was in San Francisco at the time the purported shooting took place, and it is now known that another Clark, a liverman, is the one at whom the shot might have been fired. Mayor Clark denies any connection with the affair and came up from San Francisco last night to give positive proof to his denial. The real trouble began some time ago when Buckman came down from Colfax, where he had been recuperating, and took from his wife her favorite cocker spaniel, "Pai". Mrs. Buckman followed him back to Colfax and took the dog from him. On Tuesday of last week Buckman commenced suit in replevin for the recovery of the dog and the suit is now pending in the local courts. It was the filing of this suit which first brought into public notice the difficulty between Buckman and his wife.

## PERSONAL AND SOCIAL

### LANTERN PARTY IN ALAMEDA WAS A PLEASANT AFFAIR.

One of the prettiest social events of the season was a "Lantern party" given in Alameda last evening in honor of the eighteenth birthday of Miss Morgan Stern, at the residence of her father, Alfred W. Morganstern, former Supervisor of San Francisco, at 2901 Lincoln avenue.

The house had been very beautifully decorated by the young lady's friends, the passion flower, the emblem of Miss Morganstern's birth month, being used extensively. There were just eighteen guests and supper was served under a canopy of eighteen Japanese lanterns, which swung from a huge sunshade.

while the favors were diminutive Oriental lanterns.

The guests were Misses Ada and Gertrude Baumer, Daisy Zimmerman, Lylian Radford, Lee Mitchell, Emily Meyers, Myrtle Brook, Messrs. Peter Daniels, William Khuen, Fred Stacie, Robert Priest, Barie Schmidt, Will Fink, Alfred Morganstern, Arthur Morganstern, Mr. and Mrs. Eugene Bayley, Mr. and Mrs. George Renner, Mrs. Crook of Delaware, O.

### AN ALAMEDA AFFAIR.

A most enjoyable afternoon was spent yesterday at Fernside, the Cohen home in Alameda, when Mrs. Charles Lyman Bent gave a card party in honor of Mrs. Morton Gibbons, who is one of the summer brides, and Mrs. William G. Daggett, Mrs. Bent's sister, who is here from the East on a visit to her old home.

The house was charmingly decorated in hydrangeas and carnations interspersed with greens. Seven-handed euchre was played and prizes were given by Mrs. Henry Glass, Mrs. Arthur Kerwin and Mrs. Morton Gibbons, the consolation prize going to Mrs. Henry Lund.

The guests included Miss Nellie Chabot, Miss Bernice Brown, Miss Elizabeth McNear, Mrs. Henry Glass, Mrs. A. H. Vall, Mrs. McAndrews, Mrs. Knauthoff, Mrs. Everts, Mrs. Alfred H. Cohen, Miss Grace Sanborn, Mrs. Queens Russell, Mrs. Hilda Baxter, the Misses Gibbons, Mrs. Arthur Kerwin, Mrs. Charles Noble, Mrs. Emma

Irwin, Mrs. Charles H. Bishop, Mrs. Henry Lund and Mrs. Sidney Allen.

### AT SANTA MONICA.

Mr. and Mrs. Frederick S. Stratton and family are at Santa Monica, where they will remain several weeks.

### RETURNED FROM YOSEMITE.

Mrs. E. C. Farnham has just returned from a three weeks' trip to Yosemite. Later in the season Mrs. Farnham and Miss Elma Farnham will leave for the East to be present at the wedding of Mrs. Farnham's niece.

### ON CECEPTION COMMITTEE.

Miss Caroline Bradley has been appointed on the Reception Committee of the Women's Union, University of Chicago.

## LUTHERANS STILL IN SESSION.

### GERMAN CHURCHMEN HEAR REPORTS OF GOOD WORK ACCOMPLISHED.

The German Lutheran Conference held a regular business meeting yesterday afternoon, and after the reading of the various committee reports the following pastors and congregations were submitted to membership in the synod:

Rev. A. Hansen of Newman, Rev. M. Kuessner of Chicago Park, Rev. R. Norden of Bakersfield and Paul Scheer, a teacher in St. John's Parochial School of San Francisco; congregations—Trinity of East Oakland, Bethlehem of Berkeley and St. John's of Otay Mesa, San Diego county.

During the morning session the preliminary work of appointing committee was taken up, committees being appointed on credentials, finance and financial reports and admission to membership. After the appointments had been made and the credentials of delegates inspected, a resolution was adopted that the election of officers of the synod be held Monday afternoon.

Rev. J. H. Schroeder of San Francisco read a paper on "The Proper Use of the Means of Grace," in which he interpreted the grace of God according to the Scriptures and defined the means of grace as the means which God had ordained for the purpose of bringing to his people a knowledge of and belief in Christian faith.

After the reading a general discussion of the subject was held, during which Professor F. Pieper declared there was necessity for proper employment of the means of grace vouchsafed by humanity.

This afternoon the report of the board of extension work is being made, after which the clergymen engaged in the work will make their reports.

### LADIES GO THERE.

All day yesterday and Monday the store of Kelly & Liebes, 129 Kearny, was crowded with buyers fitting themselves out with 320 tailor suits at \$10.00. All other goods at same reduced rates.

## OLD WOMAN ISN'T CRAZY.

### DAVIES AND WIFE TELL DIFFERENT STORIES THAT DO NOT HOLD.

Hannah Davies, an old woman, 54 years of age, living at 173 Grove street, who was charged by her husband, Thomas Davies, of being insane, had her examination before the Lunacy Commission this morning and was discharged from custody. Judge Melvin and Drs. Medros and Hamilton got an inkling that there was more behind the charge than appears on the surface and took little stock in the insanity story and gave the woman her freedom. Both husband and wife were secretive about the entire affair and they were unable by dint of questioning to verify their suspicions.

Sitting over the tea table the old ladies are wont to see money floating in their cups. The judge and doctors saw money in this case. They felt convinced that money was at the bottom of the temper in the teapot. A broken off sentence, punctuated with a dash, or a sudden exclamation, were really all from which they gained their conclusions. They had reduced their living expenses to the last notch and existed on 80 cents a week, \$2 a month or \$104 a year. Yet in a breath she said they had \$2,000—hidden.

Thomas Davies talked gibberish. He contradicted himself and became confused and wound up by saying that his wife had beaten him. When? During the President's visit to this city. But it was facetious suggestion that possibly he deserved it and that this could not be construed as an indication of insanity. He complained that he did not have enough to live on. Ah, ha! Here then might be the solution. "Why don't you work?" was asked him. He did work when he was able, but he was old. And then, why work when you have money? There was much more beating around the bush and the woman was discharged. She may be peculiar, say the doctors, but she is a long way from being crazy.

## MANY PROSTRATIONS BY THE HEAT.

NEW YORK, July 10.—The weather became steadily more oppressive. The government thermometer registered 94 degrees at 1 o'clock. At the level of the street it was several degrees hotter. Several prostrations were reported.

Weather Forecaster Emery said today: "This is the hottest July 10 of which there is any record in New York. The highest previous record for the day was 91 degrees on July 10, 1880."

SPRINGFIELD, Ill., July 10.—The thermometer in the shade today registered 102 degrees, the highest record since July, 1901.

PITTSBURGH, July 10.—Two deaths and two prostrations from the heat were reported during the 24 hours.

BALTIMORE, July 10.—At 2 p. m. the thermometer registered 95 degrees. One death and several prostrations have been reported.

BOSTON, July 10.—Sweating heat conditions prevailed here today. At noon 92 degrees was the record.

## MADE CONFESSIONS.

### TWO HEARTLESS MURDERERS ARE HANGED FOR THEIR CRIME.

ST. LOUIS, July 10.—A special to the Post-Dispatch from Carbondale, Ill., says:

Calvin Rice and Jerry Graves were hanged today at Marion, Ill., for the heartless murder last February of Mrs. Nellie Reichelder, a teacher. Both men died bravely and before the drop fell made confessions. Ten thousand people thronged the streets of the little town, but only a limited number were allowed to view the execution. All night teams and trains brought hundreds of people, who slept in their conveyances on the ground and at any place available.

## BRYAN TO GO TO EUROPE.

CHICAGO, July 10.—A dispatch to the Record-Herald from Lincoln, Nebraska, says:

William Jennings Bryan has announced his intention of going to Europe this fall to study sociology under monarchical forms of government. It is

## TERRIFIC HEAT.

NEW YORK, July 10.—The heat today was more intense than yesterday. The temperature did not fall below 81 degrees all night and began climbing up again as soon as the sun rose in a cloudless sky. Up to 10 a. m. five deaths from the heat were reported from Brooklyn and two deaths and five prostrations in this city.

New Iron Bedsteads. Manufacturer's prices, at H. Schell-haus.

## Prescriptions Why we lead

The dependability of a drug store centers in its prescription department. If the prescription department does a big business you may rest assured the people will have a kindly feeling for that store. There is probably no other commodity purchased by a patient public with more thought and precision than prescriptions.

When a person is sick or ailing common sense demands that they have the very best.

They cannot afford to take chances with careless prescription clerks.

They are afraid to patronize a drugstore with a shady reputation.

They must be satisfied in their own mind that they are patronizing a truly dependable store and one which they know will give them exactly what their prescription calls for.

They like to know it is filled by clerks of experience, men of years who do nothing else but fill prescriptions. Clerks who are not compelled to wait on trade, but whose duty in the prescription room is ever before him.

The customer likes to know that his prescription will be filled with the very first quality of drugs—the best that can be bought for his use.

There is a chance to get well on such medicines.

During the last year the record books of the prescription departments of The Owl Drug Company show that 116,763 prescriptions were filled.

An average of 400 a day.

This is a remarkable record and plainly proves that the public regard a dependable store.

### DOES NOT WANT TO PAY FOR KEEPING.

In the suit of Willard Parry Crackles to recover \$10,000 from the estate of the late Walter M. Bishop, or Moroso, as he is better known, Lewis H. Bishop, administrator of his late half-brother's estate, yesterday filed an answer.

Crackles, who is 10 years of age, is suing through his father, Richard M. Crackles as guardian.

He alleges that, with the consent of his father and his mother, Alice Lawrence, he entered into an oral contract to live as a companion with Moroso at his home, near San Leandro, as long as was desired and he was to receive as compensation the sum of \$10,000 to start him in life. Moroso died about five months after the alleged contract. Young Crackles says he is now anxious to fit himself as a mining engineer and he wants the \$10,000.

In his answer, Bishop denies, for lack of information, that Richard Crackles is the father of the plaintiff, or that he and the boy's mother have waived any

claim to whatever money may be recovered. All other allegations are generally denied.

**DR. LEON MAGNES**  
HOME FOR SHORT VISIT.

Dr. Leon Magnes has returned this week after an absence of three years to his home in this city. During these years he was in Europe studying at the universities of Berlin and Heidelberg. It was at the latter university that he obtained his degree of doctor of philosophy, six months ago. When he arrived in America, the Hebrew Union College at Cincinnati, from which he graduated as Rabbi, urged him to accept a professorship in the college, which position he is now holding. Dr. Magnes will remain with his family until the first part of September, when he will return East.

**GUN REDUCED TO SCRAP IRON.**

NEW YORK, Conn., July 10.—The big dynamite gun at Fort Wright, Fisher island, recently condemned and sold by the War Department, has been blown to pieces by the people who purchased it. The gun and carriage weighed seventy-five tons. One hundred pounds of dynamite was used to reduce the gun to marketable scrap iron.

## SALOONS BEFORE COUNCIL COMMITTEE.

Licenses Recommended to Eledso, Pozzi and Lang and Refused to Mulvihill.

Last night was saloon protest night before the Council License Committee, several protests being disposed of, not, however, without disregard to the rule of the committee recently adopted, limiting the time of applicant and protestant to 20 minutes each. Some of the applications consumed nearly an hour.

**LANG PULLS THROUGH.**  
The committee recommended that a license be granted to Charles A. Lang, on Park avenue, near the Twenty-third avenue railroad depot, Councilman Elliott voting in the negative. The matter was threshed over again, members and special pleaders being heard for and against the proposition.

There was some uncertainty as to what application was up for consideration, the one which was filed before the old Council or that which was filed in May of the present year. Some members of the Council thought that the latter had been withdrawn and that it was the original application which was to be considered. Others held it was the original application which was under discussion.

Attorney W. A. Dow appeared for the protestant and declared that the application did not have the requisite number of signers, because S. S. Austin, one of the signers, resided in Fruitvale. B. D. Phillips as another, who had no right to sign.

Mr. Elliott asked if Mr. Dow were speaking to the old or the new application.

Mr. Dow said that he was addressing himself to the old, but the same objections he would urge against the new application.

A Councilman said that the license inspector had reported that the application had the proper number of signatures. Councilman Alcese moved, to straighten matters, that the resolution to be considered be amended so as to refer to the application of May 18. The motion prevailed.

The license inspector was asked if the application had the requisite number of signers. He replied that he did not consider S. S. Austin as one of the signers, and that without him there were five signers which was all that was required.

Mr. Elliott said that under those conditions, he did not think the Councilman should listen to Mr. Dow.

Mr. Dow said that, leaving out Austin's name, there were other who had no right to sign, among them B. D. Phillips.

The license inspector said that Phillips did not live, but he had a desk or something in S. S. Austin's office.

Mr. Dow said that property did not front on Park avenue, but on Twenty-third avenue. He also claimed that the frontage of the building in which the saloon was located was represented by owners and occupants, Schwartz & Elliott being on the ground floor. Even the lawyer had signed. The law did not contemplate that the owner and occupants of a building should sign an application. What it meant was either one or the other. If the contrary were the case, the occupants of a single building could secure a license for a man.

Max Marcuse, who appeared for the applicant, said that what Mr. Dow had said regarding the barkeeper was not correct, because the latter owned the house next door.

The license inspector said the house next door was only rented by the barkeeper. There was no question.

Mr. Marcuse reiterated that the barkeeper owned the house in question.

Dow still contended that it was a duplication of signatures and that there were only three names of legal standing on the application. Besides, the ordinance required six essential things in the application or recommendation. There application or recommendation. There

were only five of these in one and one in the other.

Mr. Marcuse said the entrance to 1101 Twenty-third avenue was cat-a-corner to enter. The occupants were entitled to sign. The matter had been submitted to the City Attorney and that official had said it was all right. There was only one building, two shanties and Austin's, the occupants of which could sign. Mr. Dow said there were others there who could sign.

Mr. Marcuse said there were not. Mr. Dow asked why Marcuse had not gotten the signature of Mr. Winslow.

Mr. Marcuse said that Mr. Winslow's property fronted on Twelfth street and not on Park avenue.

Councilman Fitzgerald said there had been wrangling enough over the matter. He moved the application be granted, with the result specified above.

**BLEDSO & POZZI WIN.**  
The proposition for a saloon license by Bledso and Pozzi at 147 Fourteenth street was opposed, but finally recommended. In behalf of the application, Bledso said he had invested quite an amount of money there. He did not expect any opposition. In answer to questions from Chairman McAdams, the applicant said he had been in business in Healdsburg. He had never been in business here before.

Attorney L. S. Church introduced letters from bankers in Healdsburg and San Francisco, recommending Messrs. Bledso and Pozzi as people who had excellent reputations.

August Schirmer said that he was a wholesale liquor dealer and resided opposite the place at which Bledso & Pozzi proposed to open the saloon. There had been, for a number of years, a liquor store at the place. It was always been a quiet place. It was no an injury to his children. He had no expectation of selling liquor to the firm.

F. Maggio gave expression to the same views on the subject and among other things that his family consisted of ten children.

F. J. Keating said he was in favor of granting the application. The saloon would be no detriment to the locality. The section was devoted to business. There was only one residence at the intersection.

Mr. Church said that the petition in favor of the saloon carried 35 or 40 names. He was satisfied that it represented the majority of residents in that neighborhood. Messrs. Bledso & Pozzi had purchased the property in question on the death of Andreani. They had invested about \$9000. The section was not a residential place. It was gradually turning into a business district.

Charles Miller said he would like to know what Mr. Church considered a residence district. There were residences on both sides of the streets there and there were no stores there, which did not have people residing in them.

In response to questions from Mr. Elliott, Miller said he had signed the application of a former occupant of the place. He had not objected to the saloon later. He was not opposed to saloons away from residence districts.

In response to questions from Mr. Church, witness said the place had been quiet since the new firm secured possession of it.

Mrs. Healey said she resided two doors away from the saloon. The petitioners had never asked her to sign their application. She said she might have stood a fair chance. She was opposed to saloons on general principles.

Mrs. Charles Miller said she owned the property next door to the saloon. She denied that the place was a business district. The saloon was anything but desirable. There were no stores "crushing the cans all day," and she had seen minors go into the saloon. She could not rent her property to anybody there. She had never protested against the saloon before.

Mr. Elliott asked how thirty-five people in that neighborhood could sign in favor of the saloon.

Mrs. Miller said that she could not account for their signing it, unless it was because they wanted a saloon. She could not account for their tastes.

On motion of Mr. Elliott, the protest was denied and the application was granted.

**MULVIHILL LOSES.**

The matter of granting the petition of Patrick Mulvihill, 5522 Tel. street, avenue, called forth a protest from several residents. Wm. Converse, who stated that he lived close to the proposed saloon, said that there were already five saloons in the neighborhood. "This place," he said, "is opened because Flora Park has opened up there. They are going to have a saloon inside the park, and I don't object to that, but I do object to having any more saloons there."

E. C. Dozier was another who protested against the granting of the license. He stated that he had no objections to saloons in general, but that this was a residence district. He opposed the opening of a saloon there.

C. Hendrickson was another, who protested along the same line.

Mulvihill, the applicant, was then asked what he had to say in his own behalf. He said he was a motorman, but that he thought the place a favorable location for a saloon, because of the opening of Flora Park.

Councilman Elliott then said: "I move the committee that the petition be denied and the protest granted. We don't want to get up a neighborhood around Flora Park like there was a round the old Church in San Francisco. If we can keep this neighborhood clean, I believe in doing it."

His motion was carried and the petition was denied.

**LICENSES RECOMMENDED.**  
The following licenses that were not protested were recommended: G. Armanno, 701 Broadway; Haid & McManis, 1785 Seventh street; L. B. Morris, 1051 Broadway; Robert J. Jacks, 28 Telegraph avenue; Joseph G. Jones, 1409 San Pablo avenue; M. J. Killy, 719 Clay street; N. Campana and John Ratto; George F. Bush, 1151 Washington street; Wm. Kohler, 1245 Broadway; P. N. Micoevich & N. Milloglav, 47 Ninth street; Luigi Pizzala, 46 Telegraph avenue; James E. Donohue, 8801 San Pablo avenue.

**HE IS INCORRIGIBLE.**

Judge Henry Melvin yesterday adjudged Earl A. McArthur as incorrigible and the youth was committed to the charge of Anita C. Whitney, as probation officer of the court, until May 10, 1939, when he will become of age.

## HERE IS THE CHANCE FOR A HOME AT PIEDMONT

**CENTRAL PIEDMONT TRACT**

Above the Fogs — Grand Panoramic View

THE REALTY SYNDICATE offers Central Piedmont Tract as the choicest suburban realty ever placed on this market. Delightfully situated on the Piedmont foothills, it commands most charming views of the hills to the east, and to the west the shimmering waters of the bay of San Francisco and the Golden Gate beyond. Centrally in this tract is a natural park of irregular outline, part level and part canyon, where nestles a beautiful lake set like a mirror in its frame of foliage and rugged cliffs. These grounds will be beautified much like Piedmont Sulphur Springs Park, and will become a veritable garden spot. Central Piedmont Tract, with its curved streets lined with ornamental trees, a natural park, commanding view and convenience to business centers, offers not only an unrivaled situation for a home, but a fine opportunity for investment, as values must increase substantially in the near future. It possesses all the advantages that combine to make ideal homesites.

## LEMONS IN GLENN COUNTY.

The Colusa Sun sings the praises of Orland, Glenn county, as a producer of lemons. It says several orchards in that vicinity produced an enormous crop of splendid quality, and adds that lemon planting has become quite the rage in consequence. The Sun continues:

"Two years ago Thomas Brown, of Orland sent, among other fruits, one dozen lemons picked from the trees in front of his residence, to Zuk & Company of Chicago, Ill., one of the foremost fruit firms of the United States, and in acknowledgment they said that the firm had handled lemons from every part of the world, from Sicily and Italy and from South America where citrus fruits are raised, but for quality, flavor and size the Orland lemons were by far the best they had ever handled. The lemons here have by no means deteriorated since that time, but are constantly being worked with and improved until any further advancement in the quality of the fruit seems well nigh impossible."

This is remarkable when we come to consider that Orland is about the latitude of Philadelphia. Still dates ripen in Vaca valley, a little further south, and Oroville, in the same section as Orland, has long been noted for the superior excellence of its oranges and lemons.

There is a vast area in the Sacramento valley equally well adapted to the culture of citrus fruits. The beauty of it is that in this region can be bought for little money and risked at small cost. They are immediately contiguous to railway lines and possess many other advantages that can easily be utilized. It is a good thing to advertise what the Sacramento valley is capable of in the way of producing citrus fruits, for no other crop so fires the imagination of the Eastern public. It is an assurance of a soft, warm climate where oranges and lemons are produced in profusion and perfection. Our people have simply valued the orange for what it is without taking heed of what it implies to the man seeking a glowing and generous climate. In treating orange-growing as a fad, the people in Central California have allowed neglected their finest opportunity for attracting immigration and capital. The orange has proved the most attractive advertisement the State has had since the glimmer of the gold mines faded, and this advertisement the people in Central California have allowed the Southern Californians to monopolize with hardly a protest.

## AN ALADDIN CITY.

On the fifteenth anniversary of its founding the Birmingham, Alabama, News issued a special number that is worthy of special attention for several reasons. It is a remarkable achievement to have built up a prosperous evening journal of more than 18,000 circulation daily in a city having less than 40,000 population when the Federal census of 1900 was taken, but it is still more remarkable that a city of such business enterprise and manufacturing activity as Birmingham exhibits should have sprung up in so brief a period in one of the old slave States.

"Great is Birmingham," cries the News. After looking over the long list of its manufacturing establishments one is moved to say amen, and to add that the News is its prophet.

Birmingham was founded in 1872 by men who were attracted by the vast deposits of iron and coal in the surrounding hills. Now the district produces more than a million tons of pig-iron and over 8,000,000 tons of coal annually. It is the center of more than a dozen railroads and three more are building into the city. Last year it expended over \$45,000 in street and other municipal improvements. Within the last eighteen months it is estimated that \$6,000,000 have been expended in building improvements. Its manufactures include rolling mills, steel rail mills, wire works, terra cotta works, pipe works, pressed brick, cotton mills, car shops, cotton oil mills, foundries, stove works, agricultural implements, wagons and buggies, coal tar, crescent and a hundred other things. The capital invested amounts to scores of millions, and more is constantly coming in. New enterprises are projected almost daily. There is a magnificent City Hall, fine club houses and nine and ten story business blocks are being built.

Birmingham has become the metropolis of Alabama. It has also become one of the great iron and steel centers of the world. Within a district twenty miles square is a population of fully 150,000 engaged almost exclusively in mining and manufacturing, in which industries more than \$150,000,000 of capital are employed. Thirty-one years ago this region contained only a few hundred inhabitants engaged in a primitive and dejected agriculture. It was considered the poorest part of Alabama. Today it is one of the richest sections of the Union and one of the most progressive. It is a marvel, and its growth is one of the striking features of American development.

## THE LOCAL FRUIT MARKET.

The fruit crop of California this year is both large in quantity and excellent in quality, but one would not think it if he passed judgment on the displays and price lists of the local market. There is plenty of good fruit in the market, of course, but the showing of the local market is not up to the standard this year. And the prices are high.

Usually the stocks of fruit carried in the Oakland markets are large, the quality fine and the prices very reasonable. This year there is much complaint because the quality has fallen off while the prices have gone up. We do not allude to berries, which are as fine this year as ever were seen, but to stone fruits particularly. It is not the fault of the market men that the prices are so high and the fruit somewhat inferior. They find it exceedingly difficult to get good fruit, and have to pay roundly for what they do get. The prices charged them by shippers and wholesalers prove that they are only asking a fair profit on their sales. Many of them complain of the cost and difficulty of getting good fruit because high prices tend to lessen sales, and customers are dissatisfied when they cannot get the best.

The fact is prices in the Eastern markets are so good and the demand of the canners so strong that producers, especially the large ones, are indifferent about the local market. They prefer to sell in bulk, and this they can do by shipping East or selling to the canners. A good many send to the local market only fruit that is too ripe or unsuitable from other causes for shipping. The canners want large, full colored symmetrical fruit, and as they take it direct from the producers by the ton they are naturally preferred customers. Then the San Francisco market takes precedence of ours, and gets the pick of the orchards. The commission men across the bay have taken advantage of the situation as they always will, and make retailers pay roundly for choice fruit. Thus the finest product of Alameda orchards goes East or to San Francisco, while the customers in the nearest market suffer. Nevertheless the orchards of the State are loaded with fine fruit.

While the condition has its trials and inconveniences, it has its good side. The fruit growers are prosperous, and that vastly aids general business. Another thing, we have been accustomed to get our fruit here very cheaply—much lower on an average than the prices the people of San Francisco usually have to pay. When the market is heavy and slow, as it has been till the last two or three years, Oakland has had a superabundance of choice fruit at very low prices. While our consumptive power has enormously increased, the growers are finding better prices and a more active demand abroad. Hence we cannot take our pick and make our own price as we used to do. Very likely the present scale of prices will practically continue, for the market is getting on a more stable basis than formerly. Oakland cannot in future depend on the advantage of being an overplus market for nearby orchards, and will probably have to pay the general scale of prices for its fruit hereafter. This will be worse for the local consumers but a great deal better for the Alameda orchardists.

Male help is so scarce in Kansas that the young women have donned overalls and gone to work in the harvest fields. A good many opponents of women's rights will not object to women wearing the breeches as harvest hands.

Charles Emory Smith used to train with the mugwumps by whom he was held up as a model of honesty and independence. Now his old time friends are lambasting him to beat the band. All his other critics are summer girl lovey-doveys in comparison to the mugwump editors who are plucking him with a vigor that is quite astonishing. It must make Matt Quay smile to see his old enemies harpooning their old friend and associate. Mr. Smith has always fought Quay and his articles in the Philadelphia furnished texts for the mugwump journals. Wonder how Acton relishes being torn by his own hounds?

It is given out that Tom Johnson will take the Democratic nomination for Governor of Ohio to prevent some conservative Democrat getting it. He knows no Democrat can hope to be elected. Mr. Johnson prefers to take a licking himself to allowing one of his enemies to have the honor of being licked. He seems to be a true Democrat.

In sending President Roosevelt five kegs of ripe olives Governor Pardee shows that he believes the fruit of the olive is better than the branch as a cementer of friendship. It is also good for the digestion and delightful to the palate when ripe. The Governor has performed an excellent service to the olive-growers of California by making the President's family acquainted with the superior virtue of the ripe olive. The pickled green article is less palatable, less nutritious and more expensive.

## CLUB BOXING WILL BE RESUMED.

### Mayor Olney Satisfied With the Ordinance Drafted by the Council Committee.

The Ordinance amending the Judicial Committee met last night and by request immediately took up the consideration of the boxing ordinance which has been held in abeyance for some weeks past, and recommended it for passage.

R. M. Fitzgerald, president of the Referee Club, addressed the committee in favor of the ordinance as it was just amended. "I would not have this Council pass any ordinance that favored one club more than another. Our only idea in having such an ordinance passed is to protect legitimate clubs from rash-organizational attacks that are in the habit of going to towns for the purpose of pulling off fights. Although I represent the Referee Club I do not speak in favor of this ordinance in their behalf and against any other club which wants to have sparring carried on in its own quarters. What is good enough for legitimate home clubs is good enough for us."

The ordinance and a consideration requires a club to have been in existence and to have owned or been lessee of quarters for a year. Mr. Baucus wanted to know what would be the status of the West Oakland Club, which was in rented quarters, if those quarters should burn down. Mr. Cuvellier did not think the restriction would apply in such an emergency. He then stated that he would like to have an expression of opinion from the Mayor on the subject.

#### MAYOR'S VIEWS.

"You all understand," said the Mayor, "that it is no part of my duty to come into a legislative body and express my opinion about a law which is about to be passed, and I only do so now because you asked me. I am perfectly willing to consent to a measure which will allow simply the giving of sparring exhibitions, but which will bar out the prize fights which have taken place here."

"It strikes me that the ordinance attains the end sought though I am a little afraid it enables state concerns to rent rooms and at once to hire bulls

#### CURIOSITY.

The Motive That Leads to Knowledge.

They say curiosity once killed a cat but if it were not for curiosity little progress would be made. A Texan tells the following good story about his curiosity and what he learned about food: "One day down at the store I noticed a yellow package with a curious name, 'Grape-Nuts.' The name fascinated me and aroused my curiosity. I didn't like to display my ignorance by asking so bought a package and took it home where I read all about it. When wife and I tried it we thought it delightful, and commenced using it morning and evening with cream."

"Before this I had suffered from lack of assimilation of food and my stomach was so weak that what I ate for breakfast seemed to lie there a long time before being digested. I was usually in distress and had no appetite for dinner. All this has changed since my diet has been largely on Grape-Nuts. I have gained steadily in strength, health and weight, sleep soundly at night and get up refreshed in the morning. Wife says I look like a new man and she herself has been greatly benefited by the food."

"After my breakfast of Grape-Nuts I don't need anything in the middle of the day, as a rule, but I always keep a little of the food handy and if I have any sense of exhaustion, I just take a few mouthfuls of it. It gives me immediate relief and does not destroy my appetite for dinner but seems to sharpen it. It surprises me that we never seem to tire of Grape-Nuts, although we have now been using it for several years." Name given by Postum Co., E. Little Creek, Mich.

Send for particulars by mail of extension of time on the \$7,500.00 cooke's contest for 735 money prizes.

and give exhibitions which have sometimes brought the blush of shame to the cheek."

Mr. Cuvellier said there was no possibility of renting a hall and that the ownership or leasehold of a hall for a year was one of the requisites.

BONA FIDE CLUBS.

"If," replied the Mayor, "you confine it to bona fide, existing clubs having rooms in Oakland and giving exhibitions in their own rooms, it would seem to be acceptable. But if you open the door to all clubs, you will find organizations giving exhibitions which we don't want in Oakland. If you should refer the ordinance to the Mayor, to the City Attorney, I think it would be a good thing to do. It is a pretty difficult matter to draw a statute that will attain its purpose, because active minds will construe it and try and get around it."

NO ONE MAN OR ONE BOARD.

Mr. Elliott thought the matter could be attended to by the Police and Fire Commissioners.

The Mayor said he was unwilling to have such matters left to one man or to one body of men.

Mr. Elliott said it had been to the City Attorney before and he would like to get it before the Council.

The Mayor said he appreciated the delicate position he assumed in appearing before the committee.

Mr. Cuvellier read the principal features of the ordinance.

Councilman Fitzgerald said that the clubs could not go outside of their own rooms with their exhibitions.

The Mayor expressed approval of the measure.

Mr. Cuvellier moved that the ordinance be recommended and the motion prevailed.

GOT HIS BICYCLE

IN THE POLICE COURT

The son of Charles T. Kelley was arraigned in the Police Court yesterday for having in his possession a bicycle, which, some time ago, had been stolen from W. P. Rigney of this city.

Kelley senior, formerly an officer in the Coney army, and later quite prominent in labor circles and at the present time an employee of the State Harbor Commission, appeared in court yesterday to represent his son.

At the hearing of the search warrant proceedings it developed that Kelley had purchased the wheel from L. Bell, a San Francisco saloon-keeper, and that Bell had bought the wheel from a man giving his name of Frank Martinez and claiming San Jose as his residence.

After hearing the evidence Judge Smith ordered the wheel returned to Rigney, whereupon Kelley demanded that Rigney be arrested for causing the arrest of Kelley junior. Prosecuting Attorney Leach refused to grant the demand of Kelley senior, and that gentleman left the courtroom declaring that he would bring a civil action against Rigney for damages.

## FIREMEN'S BENEFIT AT THE NOVELTY

Chief Ball was in the box office and sold tickets yesterday afternoon and last evening and two members of the Fire Department acted as doorknopers at the popular Novelty Theater yesterday. The occasion being the bene-

fit for the dead and injured firemen who were killed and injured in the Ar-cata building fire.

Manager Lubelski gave the entire day and evening receipts for the worthy cause which netted quite a snug sum. The attendance was large at every performance, and the proprietor of the Novelty received the hearty thanks of the chief and the members of the department.

FISHERMEN ON STRIKE.

NEW YORK, July 10.—The sucru-

lent blue fish is becoming scarce on New York tables, owing to the strike of men employed on fishing schooners. Only a few hundred men are out but their action has caused the practical exhaustion of the blue fish supply. Other sea food has remained, thus far, at near normal prices.

Berkeley and the State University

PROF. SOULE MAKES A PLEA HE WAS CHASED SMALL BOY SHOOT HOME WEDDING AT WOMEN OF SUMMER SESSION TO THE COURT. BY POSSE. HIMSELF. BERKELEY. ARE ATHLETIC.

Popular U. C. Man Wants to be Released From Paying Divorced Wife Alimony.

BERKELEY, July 10.—Professor Frank Soule of the State University, wants to be released from paying his former wife \$75 a month alimony. The professor married again. His first wife is rich in her own right. Notice was filed yesterday afternoon by Professor Soule that a motion will be made by his attorneys on Friday, July 17, to modify the decree of divorce, so that he will no longer be required to pay any alimony to his former wife. Mrs. Soule obtained a decree of divorce from her husband on December 19, 1896. She was awarded \$75 a month alimony for the support of herself and two minor children, Beach and Douglas Soule. In his affidavit Professor Soule states that Beach Soule became of age on June 11, 1897, and that he has since married and is now the father of two children and is supporting himself and family in a comfortable manner. Douglas Soule still resides at the home of his mother. Professor Soule further states that his former wife has always been a wealthy woman. She inherited one-sixth of the estate of her late father, Henry D. Bacon, which was valued at \$1,250,000, but has now greatly increased in value. It is alleged Mrs. Soule's mother, Mrs. Julia Ann Bacon, died on August 2, 1899, and she inherited one-third of her estate. It is alleged that Mrs. Soule now owns property valued at more than \$500,000. She and her sister are having a residence built on Piedmont Heights at a cost of more than \$20,000, and it is alleged they expect to expend upward of \$10,000 in furnishing it. In addition to this, they own a large family residence on Oak street, and, with their brother, are engaged in building a costly block on property at Twelfth and Washington streets. Professor Soule states that he is poor and in debt. He says he owes debts amounting to \$4000, besides \$1500 on a residence he purchased for \$4500. His salary is \$275 a month. He says he has to pay \$75 a month on the purchase price of his home, and this, added to the \$75 a month he is required to pay his former wife, leaves him only \$125 a month with which to support himself and wife, whom he married a few years ago. He states that the money is insufficient for him to dress and make the appearance that is demanded of a person occupying his position. Owing to his cramped financial condition, he says, he has been compelled to forego subscribing for magazines and periodicals on engineering that are essential to keep him abreast with the advance in his profession. Neither does his income permit him to visit various other educational institutions, from which he could receive much benefit. Finally, Professor Soule states, he is past the prime of life and it is incumbent upon him to make some provision for old age.

PRAYER FOR THE POPE.

AKRON, Ohio, July 10.—At last evening's session of the National convention of the Universalist Young People's Union prayer was offered for the Pope, and the tribute of President Ames to the Pope was applauded. Kiyosh Satch, a Japanese graduate of Tufts College, led the devotion. The resolutions committee consists of Rev. A. R. Tillingsham, Minnesota; Edgar Patch, Massachusetts; Professor A. L. Stanton, Ohio; Rev. H. A. Abbott, Pennsylvania; Roy I. Foster, Connecticut. Mrs. Olga White, Pensacola, Fla., delivered a pointed address on Christian citizenship. The contest for the next meeting place is between Hartford and Providence. Addresses were also delivered by Rev. Burt E. Gibbs of Wisconsin, and Professor A. W. Pierce of Massachusetts.

TURKEY CLAIMS ITS RIGHT.

LONDON, July 10.—According to a Constantinople dispatch, the Daily Telegraph, a special session of the Ministerial Council was held July 8, at which, it is understood, the war party insisted on Turkey's right to continue the occupation of strategic points on the frontier in spite of Austrian and Russian remonstrances. It was maintained that it was impossible to act otherwise lest Turkey be caught unprepared. The dispatch adds that a panic occurred on the Bourse yesterday and Turkish bonds fell 1 1/2 points owing to the sales by palace functionaries.

JOHN MURPHY, TEAMSTER HAS A LIVELY TIME IN COLLEGE TOWN.

BERKELEY, July 10.—With a posse of West Berkeley police and citizens on his trail, John Murphy, a teamster, gave his pursuers a merry race yesterday afternoon. The young man is only a recent arrival in the town, but is wanted on a number of charges, one of which is the theft of a bundle from a wagon of the University French laundry last Saturday. A warrant is out for him also on the charge of battery, it being alleged that during a game of cards on the evening of July 6th he beat Charles Layvine in the sitting room of the Western Hotel. Only at the point of a pistol did Murphy surrender to Deputy Marshal William Carey yesterday afternoon, after he held his would-be captors at bay in a clump of willows at Virginia and Fifth streets.

CHAUNCEY AT A DINNER.

LONDON, July 10.—Senator Chauncey M. Depew was the guest of honor at a dinner given last evening by George T. Wilson of New York at which over fifty Englishmen and Americans were present. The guests included many distinguished men of both countries, among them Senator Gorman, Consul-General Evans, Moberly Bell, Sir Squier Bancroft, Perry Belmont, Colonel Hutchinson of Lord Roberts' staff, Hiram Maxim and Reginald Ward. Both Senator Depew and Senator Gorman spoke and referred to the another in a flattering way as Presidential candidates. They both, however, made serious references to the growing evidences of Anglo-American friendship which they found abroad.

TO DEFEAT THE CANAL TREATY.

PANAMA, Colombia, July 10.—According to a dispatch from Bogota, Senator Torano, one of the representatives for the Isthmus, is doing all he can within Congress and without to defeat the canal treaty. Ex-President Caro continues his system of opposition to the treaty because President Marroquin has not signed it. He proposes that the United States be asked to extend the time for ratification by one month, during which the discussion will be lengthy.

THE POLAR EXPEDITION.

VARDOE, Norway, July 10.—The Ziegler polar expedition has arrived here from Archangel, where dogs were taken aboard.

FRED HARRINGTON MEETS WITH AN ACCIDENT AT BERKELEY.

BERKELEY, June 10.—Fred Harrington, the 14-year-old son of Fred D. Harrington of 175 Sixty-third street while attempting to climb a fruit tree in Berkeley yesterday afternoon, accidentally shot himself in the right side with a .22-caliber rifle. The rifle was discharged by dropping it from his hand. The ball entered the right side between the seventh and eighth ribs. The boy was treated at the Receiving Hospital by Dr. Ewer. The bullet was not removed, the operation being considered too dangerous. Dr. Ewer says it is not likely that the wound will prove dangerous, unless it develops that the pleural cavity or liver was pierced.

TO CHANGE NAMES OF STATIONS.

STOPPING PLACES WILL BE KNOWN BY THEIR STREETS.

BERKELEY, July 10.—All of the names of the stations along the lines of the Southern Pacific to Berkeley and West Berkeley are to be changed, and hereafter they will be called by the name of the street at which the trains stop. This information was given out by W. S. Palmer, superintendent of the Western Division, yesterday. The residents of South Berkeley asked the company to change the name of Lorin station. And in reply to the request Mr. Palmer informed the petitioners that the names of all of the stations, including that at Lorin, are to be changed. North Berkeley will be called Vine, Berkeley, Center, Dwight Way and Ash by remain the same. Lorin will be called Alcatraz and so on down to Sixteenth street.

HELEN GRACE FRENCH IS THE BRIDE OF DOCTOR WHEELER.

BERKELEY, July 10.—In a dainty home wedding last Wednesday evening, Miss Helen Grace French was married to Dr. Lawrence Newton Wheeler, a prominent physician of Monrovia, Southern California. The knot was tied at the bride's home, 2339 Ellsworth street, by Rev. William H. French, D. D., of Eason, California, who is an uncle of the bride. The wedding was very simple, the most unique feature being the singing of the wedding march by Miss Agnes Benedict. Mrs. Wheeler's father was the late Rev. John M. French, for nine years pastor of the First United Presbyterian Church of Oakland. She was graduated from the University of California with the class of '98, taking her degree in the college of letters. The first two years after her graduation were spent teaching Greek and Latin at Anaheim, and the last three years she has held the responsible position of head of the classical department of the Monrovia High School. In this pretty Southern California town she met Dr. Wheeler, and it is there that the young people will now reside.

Among the visitors from the South to witness the ceremony were the following: Mr. and Mrs. Wheeler, Miss A. Kate Collins, Miss Edna Walker, Miss Yatta Dexter, Miss Anna Seymour, Miss Flora Dexter, and Henry Kerr, all of Monrovia; Miss Lulu Finley of Santa Ana, Harvey Collins, Superintendent of the Redlands public schools, and H. F. Sheldon and wife of Fresno.

UNDERWRITERS MEET.

FRONTENAC, July 10.—The International Association of Accident Underwriters has closed its annual session, with the election of the following officers: President, Edson S. Lott, United States Casualty Company; vice presidents, Geo. S. Dana, Commercial Travelers' Accident Association; A. A. Eastman, Ontario Accident Company; treasurer, A. E. Forrest, North American Accident Company; secretary, G. Leonard McNeill, Massachusetts Mutual Accident Association; executive committee, F. K. Moore, H. J. Alexander, P. E. Haley, William H. Jarvis, W. E. Smith, R. A. Cavanaugh and the officers of the association. Next year's convention will meet at Bar Harbor.

They Take Gymnasium Work Daily and Keep Tennis and Basket Ball Courts Busy.

BERKELEY, July 10.—The women students, who are attending the summer session of the University of California, are more athletic than the men. Of the teachers who have come to Berkeley for the summer, three times as many women as men are taking gymnasium work. Nearly a hundred young ladies go up to the Hearst Hall gymnasium daily and go through the exercises. Only thirty men take advantage of the Harmon gymnasium, though, it must be said in favor of the few men who are taking physical culture, that they go in it with enthusiasm. Every afternoon, from 4 until 5, the women students take their exercises under the direction of Miss L. A. Place, who has charge of the physical culture work for women during the session. After they go through with their work, they take their showers just as the men do. Most of the work is done in classes, though a few of the women take special work. On Friday afternoon ladies may visit the gymnasium classes. Although it is difficult to make comparisons between the summer school students and the regular co-eds on account of the difference in the ages, yet from a general comparison the teachers are as strong and as active as the University of California girls. The visiting women do not confine their work to the gymnasium, however. Many of them are enthusiastic tennis players. The women's court is kept busy all of the time, and women are often seen playing on the men's court. It is the safe with handball and basketball, the courts at Hearst Hall being occupied all of the time. Even on the hot days that swept over Berkeley two weeks ago, the women were seen swinging across the campus with their rackets or heading for the courts at Hearst Hall.

JUNIOR ENDEAVORS.

BERKELEY, July 10.—The Junior Endeavor Society of the Trinity Methodist Church has elected the following officers for the ensuing term: President, Winfield

MRS. SESSIONS SUES FOR DAMAGES.

MARTINEZ, July 10.—Mrs. Ella A. Sessions and son, N. P. Sessions, of Oakland have begun suit in the Superior Court against the Southern Pacific Company for \$20,000 damages on account of the death of Charles A. Sessions, husband and father of the plaintiffs, in the wreck at Byron on December 20th last. Sessions was local agent for many years for James P. Taylor, the coal dealer. He was familiarly known among the members of the Elks' Lodge as "Pop" Sessions. On December 30th last he was expecting his son to arrive in Oakland from Nevada to spend the holidays. To give his son a pleasant surprise he boarded a train from Oakland to intercept him on his way home. Near Byron the Owl train became disabled and the Stockton flyer, which was following, crashed into it. Several persons were killed, among them the elder Sessions. Some hours later the son passed the scene of the wreck on his homeward journey, not knowing his father had been one of the victims. DISCHARGED FROM FORCE. NEW YORK, July 10.—First Deputy Commissioner Ebstien of the Police Department has dismissed from the force Sergeant Charles L. Schawacker, who had been in charge of the schools of instruction. Sergeant Schawacker was found guilty of accepting a present of \$100 from each man of a class of fifty-one probationary patrolmen.

HAYWARDS, SAN LEANDRO, EMERYVILLE, FRUITVALE, GOLDEN GATE

RUSHING SANTA FE WORK. CAREFULLY. DELIVERY. OFFICERS. CHANGED. A GOLDEN GATE HE FAILED TO PROVIDE.

STEEL FOR EMERYVILLE SUBWAY IS NOW ON THE GROUND.

EMERYVILLE, July 10.—Work down at the Santa Fe terminal is being pushed along quite rapidly, and efforts will be made to keep up the pace until passenger cars can be conveyed straight through to the depot. The building there is so nearly ready that all the workmen have left except a few painters and carpenters, who are putting on the finishing touches. STEEL ON HAND. The steel for the subway is all here, and men will be set to work placing it as soon as the retaining walls of the subway have been finished, and the force of men engaged there would indicate that this greatly expected time will not be long delayed. TRACK DOWN. Track has been laid from the east end of the subway to San Pablo avenue, and the electric line on this street, while the men are strung quite a little distance beyond. TOOK TO THE HILLS. Henry Drury and "Red" Moore started for the hills yesterday morning laden down almost with ammunition, and sporting paraphernalia enough to equip a regiment. They were out to kill all the people of Emeryville if the sportsmen only shot once at each one. DID NOT UNLOAD. Mr. P. D. Lynch, who does some of the hauling for the rolling mills, sent Mr. Carl a new driver into Oakland yesterday with a big load of pliers for use on some new building. On arrival, as his place was not familiar, the driver was asked to present his union card. As he had not affiliated with the union, he was unable to do so, and the result was that he was not permitted to unload, and came all the way back with what he had taken away. INSPECTED THE GROUNDS. Secretary Percy Treat of the Jockey Club, has just been over giving the grounds of the association a thorough inspection. While here he visited the new Town Hall for the first time and was shown around by President Christie. He expressed himself as greatly pleased, and commended the Board and the citizens for their enterprise.

HAYWARDS BOARD OF TRUSTEES APPOINT EXPERT FROM SAN FRANCISCO.

HAYWARDS, July 10.—The Board of Trustees of the Laurel School District has appointed W. Cuthbertson, city architect of San Francisco, to expert the specifications of the proposed new grammar school building. The structure will be three stories high, the two lower floors for school rooms and the upper one for a large assembly hall. It will be large enough to take care of 1,800 pupils, and will cost in the neighborhood of \$30,000. Consequently the board wished, for such an expensive building, to have the specifications examined to see that they contain no flaws with regard to strength and materials. The expert will make his report to the trustees Saturday. They will then advertise for bids for the erection of the school. J. W. Forsyth of San Francisco, furnished the plans and specifications for the edifice. REAL ESTATE TRANSFERS. H. Hauschildt to P. Frates—Lot 3, block 47, Hayward, \$10. Same to S. Lemos—Lot 2, block 47, Hayward, \$10. A. Baptista to A. Andrade—Property in Hayward, \$10. A. Rogers to S. Smyth—Interest of first party as heir at law of Joseph Rogers, value received. J. Rose to M. Ross—Property C street, Hayward, \$10. Joe Gomes to A. Nunes—Property C street, Hayward, \$10. SOCIAL GATHERING. The local lodge of Foresters of America was entertained by the members of the social committee after the business session last evening. A pleasant evening was enjoyed and refreshments were served. NO MEETING. There was no meeting of the Board of Trade Wednesday evening owing to the lack of a quorum. JOSEPH ALVES SUE. The Heaton-Hobson associated law offices have brought suit in Justice Brown's court against Joseph Alves for \$10,000, being the amount of a promissory note payable to S. Weilheimer and Sons. PERSONAL. Mr. and Mrs. George Grindell are camping in Mendocino county. Miss Francis Cooper is spending her vacation at Lake Tahoe. Mrs. John Smith, who has been under treatment at the Fabrice Hospital, Oakland, has now returned home to Hayward. Miss Ella Garretson is spending her vacation on the Kliffelzer ranch among the Santa Cruz mountains. Mr. and Mrs. Charles J. Van Eaton, J. H. Hunt and F. E. Allen have gone on a fishing trip to the McCloud river. Mr. and Mrs. Edwin Fish and daughter are the guests of Mr. and Mrs. J. M. Bridge. George F. H. Merzbach is the guest of his brother, Julius Merzbach. Mrs. W. M. Mendel, who has been the guest of her parents, Mr. and Mrs. Peter W. Burt, of B street, has returned to her

SAN LEANDRO PEOPLE MUCH INTERESTED IN NEW ORDER.

SAN LEANDRO, July 10.—The recent ruling by the postal authorities in regard to rural free delivery has caused some anxiety to be felt here lest the new route established July 1 be among those to be abolished. The order states that all routes that do not serve at least 100 families with 3,000 pieces of mail shall be abolished. Carrier McWorthy has 127 families in his district, but hardly delivers a third of the required 3,000 pieces of mail matter. No official notice has been received as yet by Mrs. Frank Church, the local postmistress, in regard to the matter. She is expecting daily, however, to learn something definite about the proposed change. The following dispatch from Omaha was received here yesterday: "Rural free delivery of mail through-out the West has been practically ended by the recent ruling of Fourth Assistant Postmaster General Bristol, who has ruled that no free delivery route shall be continued unless 100 families are served and 3,000 pieces of mail matter handled monthly. This ruling is the result of Bristol's recently announced position on the rural delivery question, by which he declared that rural delivery has been making too rapid strides and must go slower. Superintendent Rathbone of the Western division said today: "Enforcement of that order will wipe out 90 per cent of the routes in this district, comprising Minnesota, both Dakota, Nebraska and Iowa, and also will affect other Western States in the same way, especially Colorado, Montana, Wyoming and Utah. On examining the routes in this district I find that few routes serve more than twenty-five families. We will make no attempt to enforce the order until the matter can be taken up with Bristol." "All field men have been called in for consultation and a modification will be asked for. Farmers' throughout the states affected are greatly perturbed, which will be forwarded to Washington, asking that the rule not apply to thinly settled Western States."

IN S. P. WRECK.

Mrs. A. S. Vagar, of this place, was one of the victims of the Southern Pacific wreck at Armas Wednesday afternoon. She suffered a contusion of the spine and laceration of the lips. FINAL CONTRACT SIGNED. LONDON, July 10.—The Shanghai correspondent of the Times says the final contract for the construction of the Shanghai-Szechou Nanhai Railway has been signed. The work must be completed in five years. It is certain that the undertaking will result in the great development of trade of the lower Yangtze valley. \*\*\*\*\* O \*\*\*\*\* home in San Francisco. A. A. Alexander, a teacher in the Los Banos school, is spending the summer in Hayward. Mr. and Mrs. George Woodward and child, of Los Angeles, have been the guests of Mrs. Woodward's sister, Mrs. G. E. Alexander.

SPLENDID PROGRAM CARRIED OUT BY THE FRUITVALE LODGE.

FRUITVALE, July 10.—Fruitvale Camp, Woodmen of the World, installed its newly elected officers last evening. The exercises took place in the Masonic Temple, corner of Fruitvale avenue and East Fourteenth street. A delightful musical and literary program was carried out, after which refreshments were served. The committee in charge of the entertainment consisted of Messrs Clark and Whitmore. Council Commander Gilroy presided at the meeting. MISS CAMPBELL ENTERTAINS. Miss Ellen Campbell entertained a few of her friends very delightfully Wednesday evening at her home on Putnam street. Dancing and games were enjoyed by the guests. Supper was served at midnight. These present were: Mr. and Mrs. Campbell, Fred John and Kenneth Campbell, Miss Gladys Allen, Axel Yallin, Cecil Nelson, Ralph Breen, Miss Hazel Thorn, Miss Hazel Nelson, William Peterson, Miss Clara Gilroy, Miss Sadie Kuntz and Thomas Gardner. SCAFFLER APPOINTED. A. C. Schaffer has been appointed a member of the Board of School Trustees of Gray District. The appointment was made by County Superintendent of Schools Crawford to fill the vacancy caused by the death of W. M. Astell, which occurred several weeks ago. The appointment of Mr. Schaffer is a popular one and has met with the approval of many citizens. DENNIS DIMOND ENTERTAINS. Dennis Dimond entertained friends at his bungalow on the Div and place in Upper Fruitvale Tuesday evening. A number of musicians were present and the evening was devoted to music. Refreshments were served. CUBA'S EXPORT TRADE. HAVANA, July 10.—Cuba exported 569,300 tons of sugar during the first six months of 1903, exceeding the exports during the same period of 1902 by 24,400 tons. The amount of sugar on hand is estimated at 338,400 tons, which is 900,000 tons less than a year ago.

IMPORTANT NOTICES ARE POSTED AT TRANSIT POWER HOUSE IN ELMHURST.

ELMHURST, July 10.—Two new orders in regard to the giving of transfers have recently been published in the Hayward division power house here. One of them states that transfers may now be issued on transfers on the following lines: Fruitvale avenue, Twelfth-third avenue, West Eighth, Twelfth, Fourteenth and Thirteenth avenues. Formerly the Twelfth-third avenue line was the only one to which a transfer would be given by passengers presenting transfers. The old practice was very annoying to conductors. Passengers presenting transfers from the Twelfth, Fourteenth, or West Eighth street lines, often asked for transfers to Thirteenth or Twelfth avenues. At the time the conductors refused them, the passengers would abuse the conductors. Hence the new order is most agreeable to them. Now the method used in San Francisco has been adopted. The passenger is asked if he wishes a transfer when he pays his fare. The existing public is slow in getting used to the new order of things, so the conductors will be obliged for a time to practice both methods. Passengers are asked to make up their minds whether they desire a transfer until they arrive at the corner where they have to change cars. The election for the purpose of voting on the question of taxing the district to build an addition to the Jones avenue grammar school, will be held on August 12, at 10 o'clock. The subject has been posted yesterday afternoon. The proposition is to appropriate a direct tax of \$5,000, the amount deemed necessary for the purpose. The project of an addition to the present building, Frank Storer and William M. Greenleaf have been named as judges, and William Tighe as inspector of the polls. It is believed the measure will be carried, as the voters feel the need of more room than there is in the present building. DRUIDS INITIATE. The Elmhurst Druids of Grove No. 145 initiated James Givonini into the mysteries of the order Wednesday evening. After the degree work was finished the members indulged in an informal smoker. A number of the officers of the San Francisco lodge were present at the meeting. RED MEN HALL IMPROVEMENTS. The Red Men's Hall Association have moved the barn back of the hall to northeast corner of the lot. This obviates all danger of fire going from one building to another, and permits of repairs being made to the rear of the hall. PERSONAL. Mrs. A. S. Woodman and son, Donald, have arrived from Maine. To John Mr. Woodman, who has recently purchased a residence on Sunnyside street. Mrs. A. Kuhn and daughter Gertrude, of San Francisco, who have been the guests of P. M. Smith, of Mountain View avenue, returned home yesterday.

CLOT-TOULOUSE CEREMONY PERFORMED—REV. HILL RETURNS.

GOLDEN GATE, July 10.—At four o'clock yesterday afternoon a little wedding ceremony was performed in St. Columba's Church, on San Pablo avenue. Those united were Mr. Emile Clot of San Francisco and Miss Louise Clot of Golden Gate. They will reside here, and have chosen Marshall street as their place of abode. AT CAMPBELL. Mrs. Brown and daughter Minnie left yesterday afternoon for Campbell, Santa Cruz county, where they will remain several weeks. FRESHENED UP. Mr. Trudsen had had the room back of his grocery store, on San Pablo avenue, handsomely papered, and it presents a bright, fresh, new look to the beholder. RESUME WORK. Rev. Hill, the popular pastor of the Golden Gate North-West Episcopal Church, has returned from the north and taken up the work from which he has been absent for several weeks in the summer session of the Northern California Chautauqua Association at Shasta Retreat.

NEW YORK, July 10.—Josie Merry, a young girl, and Miss Ashton, a professional nurse, have been drowned at Wadding river, Long Island, while bathing. Miss Ashton and another nurse went to Wadding river to visit a family by whom they had been employed. After dinner they went for a plunge in the surf. The Merry children begged to be taken along. While Miss Ashton and Josie were splashing about near shore, they were caught by the undertow and dragged to their death. Miss Barker saved Josie's sister after the imminent risk of her own life.

CHARLES W. HAMPTON WILL HAVE TO ANSWER IN COURT.

BERKELEY, July 10.—Charles W. Hampton was arrested yesterday on a complaint sworn to by Mrs. Hasey of Grove and Magee streets for failure to provide for his fourteen-month-old child. Both Mrs. Hampton and Mrs. Hasey swore that Hampton refuses to work and has contributed nothing to the support either of his wife or child. Hampton was remanded to the custody of the Sheriff in default of \$500 bail. PERSONAL AND SOCIAL. BERKELEY, July 10.—Henry Miller returned yesterday after a short visit to Pacific Grove. Miss Evie Gilbert has been acting as vice principal of the Clroy High School for the past month. James Southwin, who formerly conducted a restaurant on Center street, has reopened business at the corner of San Pablo and University avenues. Allan P. Matthews, 63, has a position in St. Matthew's School, San Mateo. He will direct the military affairs of the school and also do some teaching. W. H. Stevenson, a well known resident of South Berkeley, is resting easily at the Lane Hospital in San Francisco after undergoing a difficult operation. Mrs. Anna B. Tucker and daughter, from Honolulu, are visiting with Mrs. Captain Thomas at La Loma. Mrs. Tucker formerly lived in Berkeley and is a teacher of music in the public schools of Honolulu. Dr. Nutting and family have moved to 1425 Walnut street. Mrs. James will soon move into her new house on Walnut street. M. F. W. Albee left yesterday for Cloverdale for a few days' visit. Mr. and Mrs. Ezra Deotto have returned from Glen Alpine, near Lake Tahoe. Willis Minium has been elected teacher of physics in the Alameda High School. Dr. F. H. Payne has returned from his vacation, fully recovered from his recent illness. Mrs. Colleson and Miss Lida Colleson have moved into their new house, 2135 Delaware street.

## HARVEST TIME IS AT HAND.

RESIDENTS AT DECOTO BEGIN THRASHING AND PICKING THEIR FRUITS.

DECOTO, July 10.—The Masonic Home Band returned home Saturday, July 10, after a tour through the State, giving concerts at the most important towns. They report having had a very successful and enjoyable trip.

**POSTOFFICE CHANGES.**  
John L. Olson took the postmastership of this place yesterday. His assistant will be his partner, J. H. Ralph, while their wives are to be their deputies.

**APRICOTS RIPE.**  
John H. Hayes and Carlton C. Crane will have men at work picking apricots on their orchards Monday. C. C. Crane is hauling to Hunt's Cannery at Hayward.

**BEGIN THRASHING.**  
Ed Whipple's thrasher goes out tomorrow upon Jol Smith's field.  
**BUILDING MASONIC TEMPLE.**  
Bricklayers from San Francisco are at work laying the foundation of Shinnott Temple and lumber will soon arrive for the woodwork.

**FIRE DESTROYS HAY.**  
A fire that started in the hay field of F. A. Sorens last Friday at one time threatened much damage, but was finally got under control. Sorens and M. Alameda both lost their hay fields.

**PERSONAL MENTION.**  
P. P. Young is home on a sixteen-day furlough, enjoying the summer sports and athletics here and in the surrounding towns. He joined the navy in April, 1902, as a third class apprentice. He has just returned from a four month cruise to the resorts of Southern California on the United States ship Albatross and has won honors and is among the highest of the apprentices of his kind on his ship. He has just received his papers as a second class apprentice, and as soon as his furlough is over will go on the recruiting ship Albatross.  
Miss Louise Runkel of Dutch Flat is spending the summer vacation with her brother, Chris Runkel.  
The family of Ed Whipple is spending two weeks in Capitola, enjoying sea side life.  
George R. Young and son, Robert, leave Monday for a few months' outing on north.

## BOY POACHERS PAY FINES.

CAR SHORTAGE AT PLEASANTON MAKES JUNE SHIPMENTS LIGHT.

PLEASANTON, July 10.—Dr. W. A. Hirschler, who has been practicing medicine here for nearly twelve years, has sold his business, residence property and furniture to Dr. C. A. Case, formerly of Oakland. Dr. Hirschler will remove to Chicago for a time, where he will take a special course preparatory to locating in some large city.

**A DOLLAR A PIGEON.**  
Three young men, Chuma Mesa, Ed Arbaush and Vaso Kostovich, were arrested yesterday on a charge of shooting tame pigeons at the Spoto's pigeon ranch, near town. The boys came up before Judge Quinn today, but were compromised by the boys paying \$10 for the birds, nine of which were killed.

**GETS HIS DIPLOMA.**  
The County Board of Education omitted the name of Mr. L. H. Liffenthal from the list of graduates of the public school. The error has been corrected and young Liffenthal has received his diploma.

**SHIPMENTS LIGHT.**  
The shipments from Pleasanton were hardly up to the average for the month of June on account of the shortage of cars. However, 188 cars of produce were shipped out during the month, weighing 5,605,245 pounds.

**BREAKS HIS LEG.**  
Rudolph Nelson, the 14-year-old son of Peter Nelson of Dougherty, fell from a load of hay Tuesday and fractured his right leg above the ankle. Dr. Hirschler was called and reduced the fracture and the little fellow will soon be around again.

**VACATION OVER.**  
The public school opens here next Monday morning.

**PERSONAL MENTION.**  
George Johnston and family have gone to Pacific Grove for a month.  
Mr. and Mrs. Ed Green have returned from a trip to the southern part of the State.  
Mrs. J. B. Sanborn, an old resident of Pleasanton, is lying very ill at her home on St. John street.

## OAKLAND PEOPLE

**LOSE BY FIRE.**  
ADAMS SPRINGS, July 10.—A fire broke out Wednesday night at 9 o'clock in one of the large cottages attached to the hotel here, but was confined to the building, the hotel escaping entirely.

About forty people mostly from San Francisco and Oakland, lived at the cottage, but all of them saved their effects. It is believed that the fire was of incendiary origin. One of the employees was ordered away from the place after the fire and left the country. The damage is about \$7000.

**PAID THEIR TAXES.**

**UNDER PROTEST.**

Taxes amounting to \$6,817.72 were paid by the Pacific States Telephone Company through Theo V. Halsey yesterday under protest. The company's property was assessed at \$408,700. It is claimed this amount is excessive and application will be made to the Board of Equalization for a reduction. The Western Union, assessed for \$32,000, paid its taxes under protest and will ask a reduction.

# CAR SWEEPING A SCIENCE.

MANY LABOR-SAVING DEVICES TO BE FOUND AT WEST OAKLAND.

It is a mighty good thing for the husband of the ordinary housewife that she cannot get down into the yards and see her office upon the many things in use there as labor-saving devices that she could employ to advantage if she had them. For instance, the car sweeper in the car cleaner's department would appear to her sense of disrepair in performing the housewife's arduous duty of keeping her covered floors presentable, and she would want a machine "to return mail" with all necessary attachments and hubby would be disappointed till his consent had been obtained or he had moved over to the next corner.

Down there an instrument made of metal, somewhat broom-shaped, and filled with little perforations is attached to a hose long enough to allow of free movement all over a carpet. The air turned on from a tank where it is kept under pressure, and a couple of minutes' manipulation down the carpet more thoroughly than half a dozen little girls could do it in many hours, and with none of the "map" injuries, either. Or the car sweeper can be used as a doing it to sprinkle the lawn.

## THE NEW ANNEX TO MACHINE SHOPS.

The big new building that is being constructed as an annex to the machine shop, and lying on the west side of it, is almost completed, so nearly so that some of the machinery that is to be located there is being gotten in, and the white-washers, who are making the structure as neat and smart as it can be, are making the walls and ceiling a beautiful white. The elastic, all pervading force, assisted by a hose and a man of good condition, will do a tremendous area in a day and do it well.

## NEWSY LITTLE NOTES AROUND THE YARDS.

Engine 1075 has gone into shop for "heavy" repairs.

Repair work has been completed on Engine 1142 and she has been sent out.

Hugh Flynn, foreman blacksmith, has been keeping his sleeve pulled down for a couple of days whenever a hammer wanted to identify his profession. He didn't want visitors to know that anything had happened to him, but the sleeve wouldn't stay pulled, and he had to get it up. He was bruising the bone. He possesses too much grit to be put out by a little thing, so he has remained at work.

Local Andrew, who is a little fellow, will spend a week's vacation at Salt Lake City.

L. Barnes is putting a new throttle valve in the stationary engine.

T. B. Jones of the tool room has been promoted to the small drill press work of the shop.

George Quincy Adams of the shaper crew will shortly start for M. Hamilton in a touring car, and will be taking several of the boys with him.

Horace Hinch dropped in on his shopmates with a letter of introduction, and had a hard time convincing the crowd that he wasn't somebody else. The trouble was because he had moved his whiskers without giving due notice of the event.

Saturday afternoon, it things go as now scheduled, there will be a Grand Roman wrestling match for the championship of the ships between Leland Sterling and "Tiny" Jones. This is the first time a local wrestler has won a match, as Sterling is reported to be worth in at 190, while Jones has put him in his pockets to the hundred-pound match.

A. P. Jones has returned from Sacramento, where he went to attend a shooting contest, and he brings the trophy of a bird, a duck, and a record of 47 out of a possible 50.

The possible was made by Gus Shuler of Sacramento.

## ARE SEEKING NEW QUARTERS.

### OAKLAND WHEELMEN TO RACE AT RENO THIS MONTH.

The Oakland Wheelmen have filed their incorporation papers and it names A. B. Moffitt, A. E. Berg, C. L. McEnerry, C. Eggleston, William Martin, W. N. Castellan, J. M. Maurer, W. G. Sinclair, C. H. Block, A. T. Smith and C. R. Trichter as directors.

There has been a large and constant increase in the membership of the club, and the house committee has been instructed to secure larger and more commodious quarters as the home of the wheelmen.

The racing men of the Oakland Wheelmen were very successful at the recent race at Lake Merritt on July 4. A Roberts won \$35, Emil Hearn \$30, A. T. Smith \$5 and J. Britt \$5.

On July 4, four medals were contested for at Vallejo, and E. Holden of the Oakland Wheelmen won a gold and a silver medal. J. Hurst won a gold and C. Adams secured a silver one.

The crack relay team of the Oakland Wheelmen is to make a trip to Reno, Nevada, where they will meet a team from that place on July 26. On Sunday the club will hold an important try-out to pick the team that will represent the local club in that event.

Dave Millard, the crack sprinter of the New Century Wheelmen, has forsaken the club across the bay and is now numbered among the ranks of the local club.

At the last meeting of the directors of the club twelve applications for membership were passed upon and four were laid over until the next meeting for investigation.

### MOROS CAPTURED.

NEW YORK, July 10.—The Beni Igars have captured a party of well known Tangier Moros, says a Times dispatch from Tangier by way of London. In the party are the brother of the native secretary of the British legation and a native artillery officer. Two Moros are reported as having been killed in the fight which occurred.

WILLIAM O'HARA, CENTER FIELDER OF THE OAKLAND BASEBALL TEAM.

gation and a native artillery officer. Two Moros are reported as having been killed in the fight which occurred.

The party was making a pilgrimage to a famous tomb two days distance from Tangier. The government's capacity to maintain order, the correspondent asserts, is diminishing daily.

## O'KEEFE TO TRAIN AT SHEEHAN'S.

### JIMMY BRITT IS LAID UP IN MOUNTAINS WITH POISON OAK.

Jimmy Britt and Jack O'Keefe have signed articles for their fight which is to take place on the 21st inst. O'Keefe has decided to train at Sheehan's beach resort and yesterday afternoon he commenced light work in his new quarters. As soon as his ulcerated tooth is completely well, which will be in a very few days, he will go in for hard work and Alex Gregorini will have charge of his training.

Jimmy Britt has a severe attack of poison oak and will have to remain at Anderson Springs for another week. In a letter to his brother Willie, Jimmy said:

"A week and a half or two weeks is sufficient time in which to prepare for the bout with O'Keefe. While I do not look at all pretty, I am keeping in shape by taking long walks. My hand is rounding to shape nicely and I appreciate my condition with it in the approaching battle."

### HEESEMAN AND RELIANCE TEAMS WILL PLAY BENEFIT ON SUNDAY.

Immediately after the Sacramento-San Francisco game at Golden Gate Park Sunday morning the Heeseman and Reliance teams of the California State League will play one of their regular league games on the same grounds and the proceeds will be devoted to the fund for the benefit of the family of Extramur Parker, who lost his life in the fire last Sunday morning, and the two injured firemen.

Managers A. H. Agnew of the Heeseman team and Thomas Woods of the Reliance team have the matter in hand and Mr. Agnew stated this morning that the two teams would play all the expenses of the game themselves and turn over the entire proceeds from the gate to the firemen's committee. The game will be called at 12:30 o'clock.

Both teams are very evenly matched and are close to the top in the percentage column and should draw a large crowd as a close game is sure to result and in addition their cause is a worthy one.

A final meeting of the Fourth of July Committee was held last night. A report of the finance committee showed there was in hand a balance of \$32 of the \$250 appropriated by the city for the recent celebration and the chairman of the general committee was instructed to turn the amount back into the city treasury. A vote of thanks was tendered to those who participated in the literary ceremonies and the committee was then dissolved.

**LADIES ARE PLEASED.**  
The great removal sale of Kelly & Liebes, 120 Kearney, created a rush in their store on account of the low prices among the many bargains offered in the corset jacket, valued \$10.00, at \$4.90. The entire stock at same low rates.

## OAKLAND LOSES A GAME.

### SEATTLE TAKE 3 RECRUITS INTO CAMP—SENATORS LOSE AGAIN.

Following is the standing of the clubs in the Pacific Coast League for the 1903 pennant:

	Won.	Lost.	P. Ct.
Los Angeles	57	30	.655
Sacramento	53	36	.596
San Francisco	53	40	.570
Oakland	44	58	.433
Seattle	32	52	.383
Portland	29	51	.363

Oakland's aggregation of baseball stars played a miserable game at Seattle yesterday and lost 3 to 1. The Ducks touched Cooper up for eleven hits and in addition to this the Recruits piled up a total of seven errors, which is enough to lose any game. Hughes pitched for the northern team and was very effective, his work being one of the features of the game.

San Francisco made it two out of three at Recreation Park yesterday afternoon by defeating the Senators and by the close score of 2 to 1. The hitting was light on both sides and the fielding good. The favored lefts men and in the fourth inning two had batted, Cooper with two hits, netted the San Francisco team two runs. Berg and Brown were the opposing pitchers and hitters were about even, although Brown was more generous in the matter of base on balls and issued four passes.

Portland took a 2-1 out of Los Angeles in the north yesterday by defeating the Angel band by 3 to 1. The game was close and exciting throughout. The opening of the seventh inning things looked black for the Browns, but in that inning they fell on Gray for a total of four runs and were victorious. The score, Newton relieved Gray in the eighth and in the last half of the ninth the Browns found Newton for three hits and two runs, while Brown was more generous in the matter of base on balls and issued four passes.

Life was not a bed of roses for Timmie Levy at Portland yesterday. Neither the players nor the crowd took kindly to his decisions and on a short time it looked as if there might be something doing on the field.

A dispatch from Los Angeles is the authority for the statement that Manager Morley of the Los Angeles team will make a number of demands from the leaders of the National Association when he meets them in Chicago that will be a bitter pill for the Eastern magnates. The price of peace will be the admission of the Coast League as it now stands and as a class A minor league. He will demand that the Coast League be allowed to draft players from the western leagues, the same as the National League used to do. He will also demand that a high salary limit be allowed the Coast League, as the Pacific Coast public has been educated to a class of baseball that costs big money at all times. Morley will speak in behalf of the Coast League and will probably meet Hart, Powers and other of the National Association of Minor Leagues in Chicago the first part of next week.

Sacramento's trio of youngsters in the pitching department, Keefe, Fitzgerald and Brown, have all made good and are pitching ball with the best in the Coast League. As they are devoted to Captain Charlie Graham of the Senators, it is a good sized feather in his cap. The new pitchers had their first introduction to professional baseball this season with the Sacramento team and so far have won a majority of the games in which they have played.

## PITCHING RECORD OF LEAGUE.

### THOMAS AND HALL ARE THE PREMIER PITCHERS OF THE COAST.

The following list shows the percentage of victories of the pitchers in the Pacific Coast League and includes all games up to July 5:

Pitcher	Won.	Lost.	P. Ct.
Thomas, Sacramento	16	6	.727
Hall, Los Angeles	16	6	.727
Fitzgerald, Sacramento	8	3	.727
Keefe, Los Angeles	8	3	.727
Whelan, San Francisco	10	4	.667
Drinkwater, Los Angeles	8	3	.667
Gray, Los Angeles	10	6	.625
Brown, Sacramento	10	6	.615
Young, San Francisco	12	8	.600
Keefe, Sacramento	8	2	.600
Carroll, Seattle	3	2	.600
Lee, Oakland	8	5	.615
Corbett, Los Angeles	9	7	.563
Graham, Oakland	11	9	.550
Lindsay, San Francisco	12	10	.545
Knocking, Oakland	11	10	.524
Cutter, Sacramento	12	11	.521
Hogg, Portland	8	3	.680
Hughes, Seattle	8	3	.644
Knocking, Oakland	11	10	.524
Shields, Portland	7	13	.350
Engle, Portland	4	7	.363
Bulter, Portland	8	14	.363
Knocking, Oakland	11	10	.524
Sample, Seattle	3	7	.300
Herr, Oakland-S. F.	6	15	.286
Cooper, Oakland	6	12	.294
Knocking, Oakland	11	10	.524
Koski, Portland	2	11	.155

By this list it will be seen that Thomas, Hall and Fitzgerald are tied for the first honor. As the last named has not pitched as many games as the other two, he is more or less an unknown quantity. The percentage of Thomas and Hall, 72.7, is very high for a pitcher and compares the two to the title of premier pitchers of the Pacific Coast.

It was noticed by the table that neither Los Angeles or Sacramento has a pitcher who has not won more than half the games he has pitched. Corbett, Knocking, Oakland, and the Los Angeles with a percentage of .562 and Cutter holds a like position for Sacramento with .521 per cent of victories.

Of the pitchers who have won .600 per cent or more games Sacramento and Los Angeles each have four, San Francisco two and Seattle one.

## EDDIE GRANEY WILL REFERE THE BIG FIGHT.

### Jeffries Will Come to Oakland About August First and Do His Training at Reliance Club Gymnasium.

Billie Delaney arrived late yesterday evening from Harbin Springs, where he is superintending the training of Champion Jeffries, and left immediately for San Francisco to attend a conference with J. J. Corbett and the officials of the Yosemite Club. On the boat crossing the bay, Delaney met Corbett and the two had an informal talk regarding the selection of a referee. Both mentioned several names, and after a few minutes talk agreed that Eddie Graneley would be the most satisfactory referee to all parties concerned.

When they arrived at the offices of the Yosemite Club the conference was opened by Delaney, who said: "A lot of money will go with the referee's decision, and we want a man who has been tried and found all right."

"Eddie Graneley seems to fill the bill," suggested Coffroth, manager of the club.

"He suits me," came a duet from both Delaney and Corbett, and thus it was ordered, without either side having stated its preference.

When the articles were first drawn up T. H. Williams Jr. was named as stakeholder, but as he has been compelled by business interests to absent himself from San Francisco so much of the time, it was thought advisable to have an interested and reliable man placed in Graneley's hands, Corbett and the club at once placed their checks for \$2500 each in Graneley's hands and Delaney followed suit today.

It was agreed that the price of tickets should range from \$3 for the general admission tickets to \$20 for the best box seats. The principals agreed to furnish assistance to the club in seeing that all holders of seat coupons were provided with the accommodations which their tickets called for. Delaney said this morning that Jeffries started his hard training for the fight yesterday and will continue it until the night of the fight. "Jeffries is in fine condition," said Mr. Delaney, "and will give a good account of himself on the 14th of August. Yesterday morning he started out with his hard work. He walked with Fitzsimmons to Middleton, which is about four miles distant, and then ran back. On his arrival at the quarters he, as well as we, were much surprised at the excellent condition he showed. His wind is in fine shape and he is paying much more attention to the development of speed and footwork than he has ever done before and he will be an entirely different man from the one who stepped into the ring with Fitzsimmons."

work with the left will be of the fit and get away early to develop his feet and speed.

"I think he will not be out of the ring at about 20 pounds and will be prepared for the fight of his life. His friends may be sure that he will give a good account of himself."

About the first of the month we will move down to Oakland and Jeffries will have his training at the Reliance Club gymnasium. Although it is not generally known, Delaney is a beneficiary member of the Reliance Club. His purpose in coming here is to be acquainted and to give his friends a chance to see him working out which in condition, and again, by being here he will have a chance to meet and shake hands with both Alvin and Eastern friends who may happen to drop into the club.

"I notice that the papers are full of challenges to Bob Fitzsimmons from different fighters all over the country and something has been said about a fight with Danieles in October. I do want to leave for the East shortly and the Corbett-Jeffries fight and if the match can be arranged for the 1st of September he is willing to meet Gardner or any other white man living."
